

Binocular Doubler

[Optics & Mounting](#) > [Binoculars & Accessories](#) > [Binocular Accessories](#)

The Binocular Doubler gives you a 2x boost to the magnification of any full-size Vortex binoculars, so you can take in views similar to those you'd expect to see through a spotting scope. The Doubler fits comfortably in your pocket or pack and easily slips over the one of your bino's eyecups. It has the same kind of high-grade glass that's in Vortex binoculars - plus fully multicoated lenses, textured grip surfaces. Simply slip it onto the outside of the eyecup and enjoy a nice boost in magnification.

When the total weight of your gear is critical, the Vortex Binocular Doubler eliminates the need for dragging a spotting scope along, yet still get high power views.

2x magnification boost

Twist-up eyecups

Also works on Vortex Recon R/T & Recon Mountain scopes

DOES NOT work on Vortex Fury & Kaibab binoculars

VORTEX OPTICS Binocular Doubler Safety Instruction Guide

Introduction

Thank you for choosing the VORTEX OPTICS Binocular Doubler. This product is designed to enhance your viewing experience by providing a 2x magnification boost to any fullsize Vortex binoculars. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always use the Binocular Doubler in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals to prevent accidental injury.
- Inspect the Binocular Doubler before use for any signs of damage or defects. Do not use if damaged.
- Ensure that all components are properly assembled before use.
- Avoid looking directly at the sun or other intense light sources through the Binocular Doubler as this may cause eye damage.
- Be aware of your surroundings while using the product to prevent accidents or injuries.

Specific Safety Precautions for Use

- Do not force the Binocular Doubler onto the eyecup. Ensure it fits comfortably and securely.
- When attaching the Binocular Doubler, do so gently to avoid damaging the eyecup or the doubler itself.
- Use the Binocular Doubler only with compatible Vortex binoculars. It does not work with Vortex Fury & Kaibab binoculars.
- Avoid exposing the Binocular Doubler to extreme temperatures or humidity, as this may affect its performance.
- Clean the lenses with a soft, lintfree cloth to avoid scratches. Do not use abrasive materials.

Instructions for Installation and Usage

1. Installation:

- Ensure that you have the Binocular Doubler and your Vortex binoculars ready for use.
- Locate the eyecup on your binoculars.
- Gently slip the Binocular Doubler over the eyecup, ensuring it fits snugly without forcing it.
- Adjust the position of the doubler as necessary for optimal viewing.

2. Usage:

- Once the Binocular Doubler is securely attached, look through the binoculars as you normally would.
- The doubler will provide a 2x magnification boost, enhancing your field of view.
- If you experience any discomfort or difficulty while using the doubler, remove it immediately and consult the product guidelines.

Disposal Instructions

- Dispose of the Binocular Doubler and its packaging in accordance with local regulations.
- Do not dispose of the product in household waste. Check for local electronic waste recycling programs.
- Ensure that the product is cleaned before disposal to prevent contamination.

Contact Information for Further Support

For any inquiries regarding safety, usage, or product support, please contact the authorized VORTEX OPTICS distributor in your region. Ensure to have your product details ready for efficient assistance.

By following these safety instructions, you can enjoy the enhanced viewing experience provided by the VORTEX OPTICS Binocular Doubler while ensuring your safety and the safety of others. Thank you for your attention to these important guidelines.
