

# Harness Strap

[Optics & Mounting](#) > [Binoculars & Accessories](#) > [Binocular Accessories](#)

Say goodbye to neck strain and keep your binoculars from bouncing against you as you hike down the trail with the binocular harness strap. This strap spreads the weight of your binoculars across your shoulders for more relaxed viewing. This ingenious strap keeps your binoculars and rangefinders, even cameras, from jostling around as you walk - freeing up the use of your hands.

Nylon/Lycra straps are durable and allow for easy sliding of binoculars into viewing position.

- One-size-fits-all harness is easy to attach and completely adjustable.
- Leather back patch.

# VORTEX OPTICS Harness Strap Safety Instruction Guide

## Introduction

Thank you for choosing the VORTEX OPTICS Harness Strap. This product is designed to enhance your outdoor experience by providing comfort and stability while using binoculars, rangefinders, or cameras. To ensure safe usage and to maximize the benefits of your harness strap, please read this safety instruction guide carefully.

## General Safety Guidelines

- Ensure the harness strap is used only for its intended purpose, which is to support binoculars, rangefinders, or cameras.
- Regularly inspect the strap for any signs of wear or damage. Do not use the strap if it appears compromised.
- Keep the harness strap away from sharp objects and extreme heat to prevent damage.
- Follow all local regulations and guidelines regarding outdoor activities and equipment use.
- Be aware of your surroundings while using the harness strap to avoid accidents.

## Specific Safety Precautions for Use

- Always adjust the harness strap to fit securely and comfortably around your shoulders before use.
- Avoid overloading the harness strap with excessive weight beyond its intended capacity.
- Ensure that binoculars or other devices are properly secured in the harness to prevent them from falling.
- Do not use the harness strap while engaging in activities that require a full range of motion, such as climbing or running.
- If using the harness strap with children, ensure that they are supervised at all times and that the strap is adjusted appropriately for their size.

## Instructions for Installation and Usage

1. **Unpack the Harness Strap:** Remove the harness strap from its packaging and ensure all components are present.
2. **Adjust the Straps:**
  - Locate the adjustable straps on the harness.
  - Pull the straps to tighten or loosen them until the harness fits comfortably on your shoulders.
3. **Attach the Binoculars:**
  - Securely attach your binoculars or other devices to the designated clips or loops on the harness.
  - Ensure that the devices are properly fastened and will not slip out during use.
4. **Test the Fit:**
  - Stand upright and move around gently to ensure the harness is secure and comfortable.
  - Make any necessary adjustments to the straps for optimal fit.
5. **Using the Harness:**
  - When using the binoculars, slide them into the viewing position as needed.
  - Use both hands to stabilize your binoculars while viewing.
6. **Removing the Harness:**
  - To remove the harness, unclip the binoculars and loosen the straps.
  - Carefully lift the harness off your shoulders.

## Disposal Instructions

- Dispose of the harness strap in accordance with local waste management regulations.
- If the strap is damaged or no longer usable, consider recycling materials where applicable.

- Do not dispose of the product in household waste if it can be recycled.

## **Contact Information for Further Support**

For any inquiries or safety concerns regarding the VORTEX OPTICS Harness Strap, please reach out to the designated EU contact point for assistance. Ensure you have your product details ready for a more efficient response.

Thank you for choosing VORTEX OPTICS. Enjoy your outdoor adventures safely!
