VORTEX OPTICS Storage Case Viper Safety Instruction Guide

Introduction

Thank you for choosing the VORTEX OPTICS Storage Case Viper. This guide provides essential safety instructions and usage guidelines to ensure your product functions safely and effectively. Please read this guide carefully before use.

General Safety Guidelines

- Ensure the storage case is used solely for its intended purpose, which is to protect Vortex Optics 50mm roof prism binoculars.
- Regularly inspect the storage case for any signs of wear or damage. If any damage is detected, discontinue use immediately.
- Keep the storage case away from extreme temperatures, moisture, and direct sunlight to prolong its lifespan.
- Store the case in a dry environment to prevent mildew and deterioration of the materials.
- Avoid exposing the case to sharp objects that may puncture or damage the Cordura nylon exterior.

Specific Safety Precautions for Use

- When using the quickrelease buckle system, ensure that it is securely fastened before transporting the binoculars to prevent accidental drops.
- The multifunction belt loop is designed for easy attachment; however, ensure it is properly secured to avoid losing the case while in use.
- Keep the inner pocket free of unnecessary items to ensure easy access to ID cards or keys without risking damage to the binoculars.
- Do not overload the inner pocket or the case, as this can compromise its integrity and protection capabilities.
- Always supervise children when they are near the storage case to prevent misuse or accidents.

Instructions for Installation and Usage

1. Placement of Binoculars:

- Open the storage case by unfastening the quickrelease buckle.
- Carefully place the Vortex Optics 50mm roof prism binoculars inside the padded compartment, ensuring they are snug and secure.

2. Using the Inner Pocket:

- Use the inner pocket to store ID cards or keys. Ensure that these items do not protrude or apply pressure on the binoculars.

3. Securing the Case:

- Once the binoculars are inside, close the storage case and fasten the quickrelease buckle securely.
- Check that the buckle is locked in place before moving the case.

4. Using the Belt Loop:

- To attach the case to a belt or backpack strap, slide the belt loop over the desired strap.

- Ensure that the attachment is secure and that the case does not swing freely, which could cause damage.

5. Cleaning and Maintenance:

- Wipe the exterior with a damp cloth to remove dirt and dust.
- Allow the case to air dry completely before storing it away to prevent moisture buildup.

Disposal Instructions

- When disposing of the storage case, consider recycling options for the Cordura nylon material if available in your area.
- Dispose of the case in accordance with local regulations for textile waste.
- Avoid burning the case as it may release harmful substances.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please reach out to the designated EU contact point provided with your product packaging.

Thank you for your attention to these safety guidelines. Enjoy using your VORTEX OPTICS Storage Case Viper safely and effectively!
