VORTEX OPTICS Tethered Caps Safety Instructions

Introduction

Thank you for choosing the VORTEX OPTICS tethered caps. This product is designed to provide additional protection for your Vortex Diamondback binoculars' lenses. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the tethered caps are used only with Vortex Diamondback binoculars.
- Inspect the caps regularly for any signs of wear or damage.
- Do not use the caps if they are damaged or not functioning properly.
- Keep the product out of reach of children to prevent accidental choking or injury.
- Always store the caps in a safe place when not in use.
- Report any unsafe conditions or accidents to local authorities.

Specific Safety Precautions for Use

- Do not force the caps onto the lenses; ensure they fit properly.
- Avoid exposing the caps to extreme temperatures or harsh chemicals.
- When attaching or removing the caps, do so gently to prevent damaging the lens or the cap itself.
- If the caps become detached during use, retrieve them promptly to avoid loss.
- Use the caps only as intended; do not modify or alter them in any way.

Instructions for Installation and Usage

1. Installation of Tethered Caps:

- Align the tethered cap with the objective lens of the binoculars.
- Gently press the cap onto the lens until it fits snugly.
- Ensure that the tether is securely attached to the binoculars.

2. Usage:

- When using the binoculars, remove the tethered caps by pulling them gently away from the lenses.
- After use, replace the caps to protect the lenses from dust and scratches.
- Always ensure that the caps are securely fastened to the binoculars when not in use.

Disposal Instructions

- Dispose of the tethered caps in accordance with local waste disposal regulations.
- Do not dispose of the caps in fire, as they may release harmful substances.
- If the caps are damaged or no longer usable, consider recycling them if possible.
