

Razor HD 11-33x50 Spotting Scope - straight

[Optics & Mounting](#) > [Spotting Scopes & Accessories](#) > [Spotting Scopes](#)

The Vortex Razor HD 11-33x50mm Spotting Scope is a premium scope that delivers images with razor-sharp resolution and high color fidelity. Taking spotting scope performance to the next level, the Vortex Razor HD 11-33x50mm Spotting Scope uses premium glass elements that are precision ground and hand selected to ensure the finest performance.

Multi-position eyecup on the Vortex Razor HD 11-33x50mm Spotting Scope twists up to give you proper eye relief with or without glasses. A locking collar allows the Razor HD to be rotated for the best viewing angle while a built in sunshade pulls out to reduce glare.

The Vortex Razor HD 11-33x50mm Spotting Scope features a Helical focus for fast and fine adjustments, plus a twist up, multi-position eyecup to give you optimum eye relief. A built in sunshade pulls out to reduce glare, while the integrated locking collar allows you to rotate the scope to the best viewing position.

VORTEX OPTICS Razor HD 1133x50 Spotting Scope Safety Instructions

Introduction

Thank you for choosing the VORTEX OPTICS Razor HD 1133x50 Spotting Scope. This guide provides essential safety information and instructions to ensure the safe and effective use of your spotting scope. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that the spotting scope is used only for its intended purpose.
- Always handle the scope with care to prevent damage.
- Keep the spotting scope out of reach of children and vulnerable individuals.
- Regularly inspect the scope for any signs of damage or wear.
- Do not attempt to disassemble or modify the spotting scope.
- Store the spotting scope in a cool, dry place when not in use.
- Avoid exposing the spotting scope to extreme temperatures or humidity.

Specific Safety Precautions for Use

- Use the spotting scope only in accordance with the manufacturer's instructions.
- Avoid looking directly at the sun through the spotting scope, as this can cause serious eye damage.
- When using the scope, ensure it is securely mounted or held to prevent accidental drops.
- Be mindful of your surroundings when using the scope, especially in outdoor environments.
- Use the eyecup correctly to ensure proper eye relief and comfort.
- If using the scope for extended periods, take regular breaks to avoid eye strain.

Instructions for Installation and Usage

1. Unpacking the Scope

- Carefully remove the spotting scope from its packaging.
- Ensure all components are included: spotting scope, eyecup, and any accessories.

2. Setting Up the Scope

- Attach the scope to a tripod or stable surface if necessary.
- Adjust the locking collar to achieve the desired viewing angle.
- Twist up the multiposition eyecup for optimal eye relief.

3. Focusing the Scope

- Use the Helical focus mechanism for fast and fine adjustments.
- Rotate the focus until the image is clear and sharp.

4. Using the Sunshade

- Pull out the builtin sunshade to reduce glare from bright light sources.

5. Storing the Scope

- After use, clean the lenses with a soft, lintfree cloth.
- Store the spotting scope in its case or a safe location to protect it from dust and damage.

Disposal Instructions

- Dispose of the spotting scope and any packaging materials in accordance with local regulations.
- Do not dispose of electronic components in regular household waste. Check for recycling options in your area.

Contact Information for Further Support

For any safety inquiries or additional support, please refer to the manufacturer's website or contact their customer service. Ensure you have your product details ready for assistance.

Conclusion

By following these safety instructions, you can enhance your experience with the VORTEX OPTICS Razor HD 1133x50 Spotting Scope while ensuring your safety and the safety of others. Always stay informed about product recalls and safety updates through official channels. Enjoy your spotting scope responsibly!
