## Literally indestructible

The weapon cases from Explorer Cases each have corrosion proof metal hinges with lid stay features, which fixate the cover and hold it into place when opened. So you can rest assured that your weapon cases will assist you a long long time.

Thanks to the locking latches the weapon cases are always highly secured. The O-ring gasket also makes them water resistant to a great extend.

Every weapon case is equipped with a manual air pressure release valve. Therefore you can take it easy and will have no problem handling and closing the case.

The 3005 series is optimized for the transportation by airplane.

## Exactly how you want it

The cases are provided with internal cutouts for optional internal brackets or mounting rings, so you can store everything exactly as it is most suitable for your requirements.

Every single suitcase comes with a waterproof removable label with which you can label your equipment or store your data.

The case can either be transported traditionally via the large front handle or via optional shoulder straps, which can be easily attached to any model.

# RED 7814 EXPLORER CASES Safety Instruction Guide

## Introduction

Thank you for choosing the RED 7814 EXPLORER CASES Red 7814 B PreCube Foam. This case is designed to provide optimal protection for your valuable equipment. To ensure safe and effective use, please read and follow the safety guidelines outlined in this manual. These guidelines comply with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the case is used only for its intended purpose.
- Regularly inspect the case for any signs of damage or wear.
- Keep the case out of reach of children unless supervised by an adult.
- Store the case in a dry, cool place to prevent material degradation.
- Always handle the case with care to avoid injury.

## Specific Safety Precautions for Use

- **Handling:**
  - When lifting, use both hands and maintain a stable posture.
  - Avoid overloading the case beyond its weight capacity of 6.40 kg.
- **Transporting:**
  - Use the provided large front handle or optional shoulder straps for transport.
  - Ensure that the case is securely closed before moving.
- **Water Resistance:**
  - Although the case is waterresistant, avoid prolonged exposure to water.
  - Check the O-ring gasket regularly to ensure it is intact and functioning.
- **Locking Mechanism:**
  - Always engage the locking latches when the case is not in use.
  - Ensure that the manual air pressure release valve is functioning properly to avoid pressure buildup.

## Instructions for Installation and Usage

- **Setting Up the Case:**
  - Open the case by releasing the locking latches.
  - Remove the PreCube Foam inlays if necessary for customization.
  - Organize your equipment in the internal cutouts or use optional internal brackets as needed.
- **Closing the Case:**
  - After placing your equipment inside, ensure that the foam is properly positioned.
  - Close the lid securely and engage all locking latches.
- **Transporting the Case:**
  - Use the large front handle for traditional carrying or attach the shoulder straps for handsfree transport.
  - Ensure that the case is balanced when lifting or carrying.

## Disposal Instructions

- Dispose of the case in accordance with local regulations.
- If the case is damaged beyond repair, consider recycling the polypropylene material where facilities are available.

- Remove any nonrecyclable components and dispose of them separately.

## **Contact Information for Further Support**

For safety inquiries or support related to your RED 7814 EXPLORER CASES, please consult the manufacturer's website or contact your local retailer. You can also check for product recalls or safety updates on the EU Safety Gate platform.

By following these guidelines, you can ensure the safe and effective use of your RED 7814 EXPLORER CASES. Thank you for your attention to safety.
