## Literally indestructible

The weapon cases from Explorer Cases each have corrosion proof metal hinges with lid stay features, which fixate the cover and hold it into place when opened. So you can rest assured that your weapon cases will assist you a long long time.

Thanks to the locking latches the weapon cases are always highly secured. The O-ring gasket also makes them water resistant to a great extend.

Every weapon case is equipped with a manual air pressure release valve. Therefore you can take it easy and will have no problem handling and closing the case.

## Exactly how you want it

The cases are provided with internal cutouts for optional internal brackets or mounting rings, so you can store everything exactly as it is most suitable for your requirements.

Every single suitcase comes with a waterproof removable label with which you can label your equipment or store your data.

The case can either be transported traditionally via the large front handle or via optional shoulder straps, which can be easily attached to any model.

The Mod Red 9413 series can also be used as trolley case.

# Safety Instruction Guide for RED 9413 EXPLORER CASES

## Introduction

Thank you for choosing the RED 9413 EXPLORER CASES. This guide provides essential safety information to ensure the safe use and maintenance of your case. Please read this guide carefully before using the product to ensure your safety and the longevity of the case.

## General Safety Guidelines

- Ensure that the case is used for its intended purpose only.
- Always inspect the case for any visible damage before use.
- Keep the case away from extreme temperatures and humidity to prevent damage.
- Store the case in a dry place when not in use.
- If you notice any malfunction or damage, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- **Weight Limit:** Do not exceed the maximum weight capacity of the case (7.70 kg with inlay).
- **Child Safety:** Keep the case out of reach of children. This product is not a toy.
- **Locking Mechanism:** Ensure that the locking latches are securely fastened when transporting the case.
- **Water Resistance:** While the case is waterresistant, do not submerge it in water. Always check the Oring gasket for integrity before exposure to moisture.
- **Air Pressure:** Use the manual air pressure release valve when changing altitudes to avoid damage to the case.

## Instructions for Installation and Usage

- **Transporting the Case:**
  - Use the large front handle for traditional carrying.
  - For added comfort, attach the optional shoulder straps to the designated points on the case.
- **Storing Equipment:**
  - Utilize the internal cutouts for brackets or mounting rings to organize your equipment effectively.
  - Label your equipment using the waterproof removable label included with the case.
- **Ventilation:** Ensure the case is ventilated when storing sensitive items to prevent moisture buildup.

## Disposal Instructions

- Dispose of the case in accordance with local regulations.
- The polypropylene material is recyclable. Please check with your local recycling center for guidelines on proper disposal.

## Contact Information for Further Support

For any safety inquiries or assistance regarding the RED 9413 EXPLORER CASES, please refer to the EU contact point or the manufacturer's website.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective use of your RED 9413 EXPLORER CASES.
