## Literally indestructible

The weapon cases from Explorer Cases each have corrosion proof metal hinges with lid stay features, which fixate the cover and hold it into place when opened. So you can rest assured that your weapon cases will assist you a long long time.

Thanks to the locking latches the weapon cases are always highly secured. The O-ring gasket also makes them water resistant to a great extend.

Every weapon case is equipped with a manual air pressure release valve. Therefore you can take it easy and will have no problem handling and closing the case.

## Exactly how you want it

The cases are provided with internal cutouts for optional internal brackets or mounting rings, so you can store everything exactly as it is most suitable for your requirements.

Every single suitcase comes with a waterproof removable label with which you can label your equipment or store your data.

The case can either be transported traditionally via the large front handle or via optional shoulder straps, which can be easily attached to any model.

The Mod Red 11413 series can also be used as trolley case.

# Safety Instruction Guide for RED 11413 EXPLORER CASES

## Introduction

Thank you for choosing the RED 11413 EXPLORER CASES. This guide provides essential safety instructions to ensure the safe use, handling, and maintenance of your product. Please read this guide carefully before using the case to maximize safety and performance.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of the RED 11413 EXPLORER CASES by following all instructions in this manual. This product is designed to meet safety standards and protect your equipment effectively.
- **Enhanced Recalls:** Stay informed about product recalls. In the event of a safety notice, you will be provided with standardized recall information and remedies at no cost.
- **Online Shopping:** If purchased online, ensure that the retailer complies with safety regulations similar to those of physical stores.
- **Special Consumer Focus:** This product is not intended for children. Always keep it out of reach of vulnerable groups to prevent accidents.
- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided on the packaging or retailer's website.
- **Rapid Alerts:** Be aware of the Safety Gate system for updates on unsafe products. Regularly check for any product safety alerts.

## Specific Safety Precautions for Use

### • Handling:

- Always lift the case using the large front handle or shoulder straps. Avoid lifting by the lid or any other part of the case.
- Ensure the case is securely closed before transporting to prevent accidental opening.

### • Storage:

- Store the case in a dry, cool place away from direct sunlight to prevent material degradation.
- Avoid placing heavy objects on top of the case when stored.

### • Water Resistance:

- While the case is designed to be waterresistant, do not submerge it in water. Always check the Oring gasket for proper sealing before exposure to moisture.

### • Air Pressure Release:

- Always use the manual air pressure release valve before opening the case at different altitudes to avoid pressurerelated issues.

### • Foam Inlay:

- Ensure that the convoluted foam inlay is in good condition. Replace if damaged to maintain optimal protection for your equipment.

# Instructions for Installation and Usage

- **Initial Setup:**

- Remove the case from its packaging and inspect for any visible damage.
- Familiarize yourself with the internal cutouts for optional internal brackets or mounting rings.

- **Labeling:**

- Use the waterproof removable label provided to clearly mark your equipment or data. Ensure that it is securely attached to the case.

- **Transporting the Case:**

- Attach the optional shoulder straps if preferred for easier transport.
- For trolley use, ensure the case is balanced and secure before moving.

- **Closing the Case:**

- After placing your equipment inside, close the lid firmly and ensure that the locking latches are engaged for security.

## Disposal Instructions

- **End of Life Disposal:**

- When the case reaches the end of its life, dispose of it in accordance with local regulations for polypropylene materials.
- Do not dispose of the case in regular household waste. Check for recycling facilities in your area.

- **Environmental Considerations:**

- Proper disposal helps minimize environmental impact. Always consider recycling options.

## Contact Information for Further Support

For any questions or concerns regarding the RED 11413 EXPLORER CASES, please refer to the contact information provided on the product packaging or the retailer's website. Your safety and satisfaction are our top priorities.

Thank you for choosing RED 11413 EXPLORER CASES. Enjoy the peace of mind that comes with superior protection for your valuable equipment.
