## Literally indestructible

The weapon cases from Explorer Cases each have corrosion proof metal hinges with lid stay features, which fixate the cover and hold it into place when opened. So you can rest assured that your weapon cases will assist you a long long time.

Thanks to the locking latches the weapon cases are always highly secured. The O-ring gasket also makes them water resistant to a great extend.

Every weapon case is equipped with a manual air pressure release valve. Therefore you can take it easy and will have no problem handling and closing the case.

## Exactly how you want it

The cases are provided with internal cutouts for optional internal brackets or mounting rings, so you can store everything exactly as it is most suitable for your requirements.

Every single suitcase comes with a waterproof removable label with which you can label your equipment or store your data.

The case can either be transported traditionally via the large front handle or via optional shoulder straps, which can be easily attached to any model.

The Mod Red 13513 series can also be used as trolley case.

# RED 13513 EXPLORER CASES Safety Instruction Guide

## Introduction

Thank you for choosing the RED 13513 EXPLORER CASES Red 13513 BE. This product is designed to provide the best protection for your valuable equipment. To ensure safe and effective use, please read this safety instruction guide carefully. It covers essential safety guidelines, usage instructions, and disposal information in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure the case is used only for its intended purpose as a weapon case.
- Keep the case out of reach of children and vulnerable individuals to prevent accidental injury.
- Regularly inspect the case for any signs of damage or wear. Do not use if damaged.
- Follow all local laws and regulations regarding the transportation and storage of weapons.
- Store the case in a dry place to maintain its integrity and functionality.
- Familiarize yourself with the locking mechanism and ensure it is functioning correctly before use.

## Specific Safety Precautions for Use

- **Corrosion Risk:** Although the case features corrosionproof metal hinges, avoid exposing it to harsh chemicals or extreme environmental conditions.
- **Weight Handling:** The case weighs 8.70 kg. Ensure you have a firm grip when lifting or carrying to prevent strain or injury.
- **Water Resistance:** While the case is waterresistant, do not submerge it in water. Always check the O-ring gasket for integrity before use.
- **Air Pressure Release:** Make sure to use the manual air pressure release valve when closing the case at high altitudes to prevent pressure buildup.
- **Labeling:** Use the waterproof removable label provided to clearly mark your equipment. Ensure it is securely attached to avoid loss.

## Instructions for Installation and Usage

1. **Transporting the Case:**
  - Use the large front handle for traditional carrying.
  - Optionally, attach shoulder straps to facilitate easier transport.
2. **Securing Your Equipment:**
  - Place your equipment inside the case, ensuring it is properly fitted into the internal cutouts or brackets.
  - Close the lid firmly and engage all locking latches to secure the case.
3. **Using the Air Pressure Release Valve:**
  - Before closing the case, ensure the air pressure release valve is accessible.
  - If you are at a significantly higher altitude, open the valve to equalize pressure before sealing the case.
4. **Labeling Your Equipment:**
  - Write your equipment details on the removable label.
  - Attach the label to the designated area on the case for easy identification.

## Disposal Instructions

- Do not dispose of the case with regular household waste.
- Check local regulations for proper disposal methods of plastic products.

- If the case is damaged beyond repair, consider recycling the polypropylene material where facilities are available.

## **Contact Information for Further Support**

For any inquiries regarding safety or product concerns, please refer to the EU contact point for consumer safety. Always ensure you are informed about product recalls and safety alerts through the EU's Safety Gate platform.

By following these guidelines, you can ensure the safe use of your RED 13513 EXPLORER CASES, providing peace of mind while protecting your valuable equipment. Thank you for your attention to safety.
