Literally indestructible

The weapon cases from Explorer Cases each have corrosion proof metal hinges with lid stay features, which fixate the cover and hold it into place when opened. So you can rest assured that your weapon cases will assist you a long long time.

Thanks to the locking latches the weapon cases are always highly secured. The O-ring gasket also makes them water resistant to a great extend.

Every weapon case is equipped with a manual air pressure release valve. Therefore you can take it easy and will have no problem handling and closing the case.

Exactly how you want it

The cases are provided with internal cutouts for optional internal brackets or mounting rings, so you can store everything exactly as it is most suitable for your requirements.

Every single suitcase comes with a waterproof removable label with which you can label your equipment or store your data.

The case can either be transported traditionally via the large front handle or via optional shoulder straps, which can be easily attached to any model.

The 3005 series is optimized for the transportation by airplane.

Safety Instruction Guide for the 3005 Black Explorer Cases 3005 BCV Black Convoluted Foam

Introduction

Thank you for choosing the 3005 Black Explorer Cases. This case is designed to provide the best protection for your valuable equipment. Please read this safety instruction guide carefully to ensure safe and effective use of the product. It complies with the EU General Product Safety Regulation (GPSR) and outlines essential safety guidelines, precautions, and instructions.

General Safety Guidelines

- Ensure that the case is used solely for its intended purpose, which is to transport weapons and similar equipment.
- Regularly inspect the case for any signs of damage or wear. If any damage is found, do not use the case and contact the manufacturer.
- Keep the case out of reach of children and vulnerable individuals to prevent accidental injury.
- Always store the case in a dry and secure location when not in use.
- Be aware of your surroundings and avoid using the case in crowded or hazardous areas.

Specific Safety Precautions for Use

- When opening the case, ensure that it is placed on a stable surface to prevent it from tipping over.
- Use the locking latches to secure the case when closed. This helps to prevent accidental opening during transport.
- Do not exceed the weight limit of 1.20kg when using the case to avoid strain and potential injury.
- If using the optional shoulder straps, ensure they are securely attached to prevent the case from slipping during transport.
- Make sure the Oring gasket is intact to maintain water resistance. If it appears damaged, do not use the case until it is replaced.

Instructions for Installation and Usage

1. Opening the Case:

- Place the case on a flat surface.
- Release the locking latches to open the lid.
- Ensure the lid stays in place using the lid stay feature.

2. Placing Equipment Inside:

- Open the case and remove the convoluted foam if necessary.
- Place your equipment securely within the case, utilizing the internal cutouts for brackets or mounting rings as needed.
- Ensure that all items are cushioned and protected by the foam.

3. Closing the Case:

- After placing your equipment inside, close the lid securely.
- Engage the locking latches to ensure the case is tightly closed.

4. Transporting the Case:

- Use the large front handle for traditional carrying.
- If using shoulder straps, ensure they are properly attached and adjusted for comfort.

5. Air Travel:

- The 3005 series is optimized for air travel. Ensure that the case complies with airline regulations regarding transport of weapons and similar equipment.

Disposal Instructions

- Dispose of the case responsibly at a waste disposal facility that accepts polypropylene materials.
- Do not incinerate the case as it may release harmful substances.
- Recycle the case if possible, following local recycling guidelines.

Contact Information for Further Support

For any inquiries regarding safety, usage, or product support, please contact the manufacturer directly through the provided channels.

Conclusion

By following these safety instructions, you can ensure the safe and effective use of your 3005 Black Explorer Case. Your safety and the protection of your equipment are our top priorities. Thank you for your attention and cooperation.
