Literally indestructible

The weapon cases from Explorer Cases each have corrosion proof metal hinges with lid stay features, which fixate the cover and hold it into place when opened. So you can rest assured that your weapon cases will assist you a long long time.

Thanks to the locking latches the weapon cases are always highly secured. The O-ring gasket also makes them water resistant to a great extend.

Every weapon case is equipped with a manual air pressure release valve. Therefore you can take it easy and will have no problem handling and closing the case.

Exactly how you want it

The cases are provided with internal cutouts for optional internal brackets or mounting rings, so you can store everything exactly as it is most suitable for your requirements.

Every single suitcase comes with a waterproof removable label with which you can label your equipment or store your data.

The case can either be transported traditionally via the large front handle or via optional shoulder straps, which can be easily attached to any model.

The 3005 series is optimized for the transportation by airplane.

Safety Instruction Guide for the 3005 Black Explorer Cases

Introduction

Thank you for choosing the 3005 Black Explorer Cases. This guide provides important safety instructions to ensure the safe use of your product. Please read this guide carefully before use to understand the precautions necessary for safe handling and storage of your equipment.

General Safety Guidelines

- Ensure that the case is used only for its intended purpose, which is to store and transport firearms and related equipment.
- Regularly inspect the case for any signs of damage or wear that could compromise its integrity.
- Ensure that the case is securely locked when not in use to prevent unauthorized access.
- Always follow local laws and regulations regarding the storage and transportation of firearms.
- Keep the case out of reach of children and vulnerable individuals.

Specific Safety Precautions for Use

- **Corrosion Proof Metal Hinges:** Always check that the hinges are functioning correctly before use. Do not force the lid if it is stuck.
- **Locking Latches:** Ensure that all latches are properly engaged before transporting the case.
- **O-ring Gasket:** While the case is waterresistant, do not submerge it in water. Always dry the case after exposure to moisture.
- **Air Pressure Release Valve:** Use the valve to equalize pressure before opening the case at high altitudes or after temperature changes.
- **Internal Cutouts:** Utilize the internal cutouts for brackets or mounting rings to secure your equipment properly.

Instructions for Installation and Usage

1. Opening the Case:

- Unlock the latches and gently lift the lid. Ensure that the hinges are not obstructed.

2. Storing Equipment:

- Place your firearm and accessories inside the case, ensuring they fit securely within the internal cutouts.
- Use the waterproof removable label to identify your equipment if necessary.

3. Transporting the Case:

- Use the large front handle for traditional carrying or attach optional shoulder straps for handsfree transport.
- Ensure the case is closed and locked before moving it.

4. Cleaning and Maintenance:

- Clean the exterior with a damp cloth and mild soap. Avoid using harsh chemicals that may damage the material.
- Regularly check the locking mechanisms and hinges for smooth operation.

Disposal Instructions

- When disposing of the case, follow local regulations regarding plastic disposal.
- Consider recycling the polypropylene material if facilities are available in your area.

Contact Information for Further Support

For any safety inquiries or concerns regarding your Explorer Case, please refer to the manufacturer's contact information provided with your product.

By adhering to these safety guidelines, you can ensure the longevity of your 3005 Black Explorer Cases and the safety of your equipment. Thank you for your attention to these important safety instructions.
