## Literally indestructible

The weapon cases from Explorer Cases each have corrosion proof metal hinges with lid stay features, which fixate the cover and hold it into place when opened. So you can rest assured that your weapon cases will assist you a long long time.

Thanks to the locking latches the weapon cases are always highly secured. The O-ring gasket also makes them water resistant to a great extend.

Every weapon case is equipped with a manual air pressure release valve. Therefore you can take it easy and will have no problem handling and closing the case.

## Exactly how you want it

The cases are provided with internal cutouts for optional internal brackets or mounting rings, so you can store everything exactly as it is most suitable for your requirements.

Every single suitcase comes with a waterproof removable label with which you can label your equipment or store your data.

The case can either be transported traditionally via the large front handle or via optional shoulder straps, which can be easily attached to any model.

The 3005 series is optimized for the transportation by airplane.

# **Safety Instruction Guide for the Explorer Cases**

## **3005 Desert Sand**

### **Introduction**

Thank you for choosing the Explorer Cases 3005 in Desert Sand. This product is designed to provide the highest level of protection for your valuable equipment. Please read this safety instruction guide carefully to ensure safe and effective use of the case.

### **General Safety Guidelines**

- Ensure that the case is used only for its intended purpose, which is to transport and protect weapons and equipment.
- Regularly inspect the case for any signs of damage or wear. If any damage is found, do not use the case until it has been repaired or replaced.
- Always follow local laws and regulations regarding the transportation of weapons and related equipment.
- Keep the case out of reach of children and vulnerable individuals to prevent accidental access or misuse.
- Be aware of the weight of the case when fully loaded, and ensure you can safely lift and carry it.

### **Specific Safety Precautions for Use**

- When opening or closing the case, ensure that your hands and any other body parts are clear of the hinges to avoid pinching.
- Use caution when using the locking latches to secure the case. Ensure they are fully engaged to prevent accidental opening.
- When transporting the case, use the large front handle or attach optional shoulder straps securely. Make sure the straps are not frayed or damaged.
- The O-ring gasket provides water resistance; however, avoid submerging the case in water. It is designed for protection against splashes and light rain.
- If using the case in extreme temperatures, allow it to acclimate to room temperature before opening to prevent condensation inside.

### **Instructions for Installation and Usage**

#### **1. Preparing the Case:**

- Remove any packaging materials from the case.
- Inspect the case for any visible damage before use.

#### **2. Storing Equipment:**

- Place your equipment inside the case, ensuring it is properly secured by the convoluted foam.
- Utilize internal cutouts for optional brackets or mounting rings as needed for optimal storage.

#### **3. Securing the Case:**

- Close the lid firmly, ensuring the O-ring gasket is seated correctly.
- Engage the locking latches to secure the case.

#### **4. Transporting the Case:**

- Use the large front handle for traditional transport or attach shoulder straps for easier carrying.
- Ensure the case is balanced when carrying to prevent strain.

## 5. Air Travel:

- The 3005 series is optimized for air travel. Check with your airline for specific regulations regarding the transport of weapons and equipment.

## Disposal Instructions

- Dispose of the case in accordance with local regulations regarding plastic waste.
- If the case is damaged beyond repair, consider recycling the polypropylene material where facilities exist.
- Do not dispose of the case in regular household waste if it can be recycled.

## Contact Information for Further Support

For any safety inquiries or to report unsafe products, please reach out to the designated EU contact point or your local authority. Remember to check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

Thank you for your attention to these safety guidelines. By following these instructions, you can ensure the longevity and safe use of your Explorer Cases 3005.
