## Literally indestructible

The weapon cases from Explorer Cases each have corrosion proof metal hinges with lid stay features, which fixate the cover and hold it into place when opened. So you can rest assured that your weapon cases will assist you a long long time.

Thanks to the locking latches the weapon cases are always highly secured. The O-ring gasket also makes them water resistant to a great extend.

Every weapon case is equipped with a manual air pressure release valve. Therefore you can take it easy and will have no problem handling and closing the case.

## Exactly how you want it

The cases are provided with internal cutouts for optional internal brackets or mounting rings, so you can store everything exactly as it is most suitable for your requirements.

Every single suitcase comes with a waterproof removable label with which you can label your equipment or store your data.

The case can either be transported traditionally via the large front handle or via optional shoulder straps, which can be easily attached to any model.

The 3005 series is optimized for the transportation by airplane.

# Safety Instruction Guide for the 3005 mil. green EXPLORER CASES

## Introduction

Thank you for choosing the 3005 mil. green EXPLORER CASES. This guide provides essential safety instructions and information to ensure the safe use of your product. Please read this document carefully before using the case to understand how to handle it safely and effectively.

## General Safety Guidelines

- Ensure the case is used only for its intended purpose, which is to transport weapons and equipment securely.
- Regularly inspect the case for any signs of damage or wear. If any damage is found, do not use the case until it has been repaired or replaced.
- Keep the case out of reach of children and vulnerable individuals to prevent accidental opening or injury.
- Do not overload the case beyond its specified weight limit of 1.10 kg.
- Ensure that the case is securely closed and locked when not in use or during transportation.

## Specific Safety Precautions for Use

- *Corrosion Resistance:* The case features corrosionproof metal hinges. However, avoid exposing the case to harsh environments that may compromise its integrity.
- *Water Resistance:* The O-ring gasket provides water resistance. Ensure that the gasket is intact and properly seated before exposing the case to moisture.
- *Air Pressure Release:* Always use the manual air pressure release valve when closing the case after it has been exposed to changes in altitude or temperature.
- *Transporting the Case:* When transporting the case, use the large front handle or attach the optional shoulder straps securely. Ensure that the straps are in good condition to prevent accidents.
- *Labeling:* Utilize the waterproof removable label included with the case to clearly identify its contents. This helps prevent confusion and ensures proper handling.

## Instructions for Installation and Usage

### 1. Opening the Case:

- Release the locking latches to open the case.
- Ensure the lid stays open securely before accessing the contents.

### 2. Storing Equipment:

- Utilize the internal cutouts for optional internal brackets or mounting rings to organize your equipment.
- Ensure that all items are stored securely to prevent movement during transportation.

### 3. Closing the Case:

- After use, ensure all items are removed or secured inside the case.
- Close the lid and ensure the O-ring gasket is properly seated.
- Engage the locking latches to secure the case.

### 4. Transporting the Case:

- Lift the case using the front handle or attach shoulder straps.
- Ensure that the case is held securely and does not exceed weight limits.

## 5. Maintenance:

- Clean the exterior with a damp cloth as needed.
- Regularly check the hinges and latches for functionality and signs of wear.

## Disposal Instructions

- Dispose of the case in accordance with local regulations.
- If the case is no longer usable, consider recycling the polypropylene material if facilities are available.
- Do not dispose of the case in regular household waste if it contains any hazardous materials.

## Contact Information for Further Support

For any inquiries or concerns regarding the safety and use of your 3005 mil. green EXPLORER CASES, please contact the manufacturer or your point of purchase for assistance.

By following these safety instructions, you can ensure the safe and effective use of your EXPLORER CASES 3005. Thank you for prioritizing safety.
