

# ACC Chassis System Kit Remington 700 - MDT ACC Chassis System Remington 700 SA LH ODG

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

The ACC (Adjustable Core Competition) Chassis was created with an integrated weight management system, allowing shooters to fine tune the weight and balance point of the rifle. The adjustability comes from a series of weights that can be added to either the buttstock, interior forend or exterior forend. It's original weight of 2,7 kg transforms into a maximum of 5,6 kg (chassis only - add on your action, barrel, scope and accessories and most shooters are pushing 12-14 kg in the ACC).

NO IMAGE  
AVAILABLE

- 17" of available ARCA/RRS dovetail, with retention screw so that accessories don't fall off mid-stage.
- Comes with the MDT Elite Grip.
- Uses MDT's proprietary XTN buttstock interface (adjustable stock included).
- Compatible with AICS style magazines (sold separately).
- Interior forend weights, exterior M-Lok weights and buttstock weights available.

# MDT ACC Chassis System Safety Instruction Guide

## Introduction

Thank you for choosing the MDT ACC Chassis System Kit for your Remington 700. This guide provides important safety instructions and general guidelines to ensure safe use of your product. Please read this manual carefully before using the chassis system.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle firearms with care and follow standard firearm safety practices.
- Keep the chassis system and all components out of reach of children and unauthorized users.
- Regularly inspect the chassis system for any signs of wear or damage before use.
- Follow all local laws and regulations regarding firearms and accessories.

## Specific Safety Precautions for Use

- Verify that the chassis is compatible with your firearm model before installation.
- Do not exceed the maximum weight capacity of the chassis system.
- Ensure all weights are securely attached to avoid shifting during use.
- Use the provided retention screw to secure accessories on the ARCA/RRS dovetail.
- Wear appropriate eye and ear protection when using the firearm.
- Avoid using the chassis system in adverse weather conditions that may affect performance or safety.

## Instructions for Installation and Usage

### 1. Installation:

- Carefully remove the chassis system from its packaging.
- Follow the manufacturer's guidelines to attach the chassis to your Remington 700.
- Ensure that all screws and components are tightened securely.
- If using additional weights, follow the instructions provided for proper placement.

### 2. Usage:

- Adjust the weight and balance of the chassis according to your preference.
- Test the stability and comfort of the chassis before engaging in shooting activities.
- Regularly check the tightness of all components during use.

## Disposal Instructions

- Dispose of the chassis system and its components in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Check with local authorities for appropriate disposal methods for aluminum and other materials.

## Contact Information for Further Support

- For any safety inquiries or product concerns, please contact your local MDT representative or authorized dealer. Ensure that you have your product information ready for reference.

Thank you for your attention to these safety guidelines. Your safety and the safety of others is our top priority. Enjoy your shooting experience with the MDT ACC Chassis System!
