

# ACC Chassis System Kit Tikka T3, T3x, T1x - MDT ACC Chassis System Tikka T3, T3x, T1x SA RH FDE

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

The ACC (Adjustable Core Competition) Chassis was created with an integrated weight management system, allowing shooters to fine tune the weight and balance point of the rifle. The adjustability comes from a series of weights that can be added to either the buttstock, interior forend or exterior forend. It's original weight of 2,7 kg transforms into a maximum of 5,6 kg (chassis only - add on your action, barrel, scope and accessories and most shooters are pushing 12-14 kg in the ACC).

NO IMAGE  
AVAILABLE

- 17" of available ARCA/RRS dovetail, with retention screw so that accessories don't fall off mid-stage.
- Comes with the MDT Elite Grip.
- Uses MDT's proprietary XTN buttstock interface (adjustable stock included).
- Compatible with AICS style magazines (sold separately).
- Interior forend weights, exterior M-Lok weights and buttstock weights available.

# MDT ACC Chassis System Safety Instruction Guide

## Introduction

Thank you for choosing the MDT ACC Chassis System Kit for Tikka T3, T3x, and T1x. This guide provides essential safety instructions to ensure the safe use and handling of your chassis system. Please read this guide carefully before using the product.

## General Safety Guidelines

- Always ensure that the product is used in accordance with the manufacturer's instructions.
- Inspect the chassis system regularly for any signs of damage or wear.
- Ensure that all components are securely attached before use.
- Do not exceed the maximum weight limit of 5.6 kg for the chassis alone.
- Use only compatible accessories and components as specified by the manufacturer.
- Keep the chassis system out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Weight Management:**
  - Be cautious when adding weights to the chassis. Ensure that the total weight does not exceed the recommended limits.
  - Adjust weights gradually to find a comfortable balance point.
- **Accessory Attachment:**
  - Always use the retention screw when attaching accessories to the ARCA/RRS dovetail to prevent accidental detachment.
- **Magazine Compatibility:**
  - Use only AICS style magazines that are compatible with the chassis system.
- **Shooting Environment:**
  - Use the chassis system in a safe and controlled environment, ensuring that the area is free from obstacles and bystanders.

## Instructions for Installation and Usage

### 1. Installation:

- Unbox the MDT ACC Chassis System Kit and verify that all components are included.
- Follow the manufacturer's instructions for attaching the action and barrel to the chassis.
- Ensure that the MDT Elite Grip is securely attached to the chassis.
- Adjust the MDT XTN buttstock interface to your preferred position.

### 2. Usage:

- Before each use, perform a thorough inspection of the chassis system.
- Confirm that all weights are securely attached and that the chassis is balanced.
- When shooting, maintain a firm grip on the chassis and ensure proper shooting stance.
- After use, clean the chassis system to maintain its performance and longevity.

## Disposal Instructions

- Dispose of packaging materials in accordance with local regulations.
- When disposing of the chassis system or any components, follow local electronic waste disposal guidelines.

- Do not dispose of the chassis system in regular household waste.

## **Contact Information for Further Support**

For any inquiries regarding safety or product support, please refer to the manufacturer's website or customer service resources.

Thank you for your attention to these safety guidelines. Enjoy using your MDT ACC Chassis System responsibly and safely.
