

LSS Gen 2 Chassis System Ruger - MDT Chassis - LSS Gen2 - Ruger American - SA - RH - FDE

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

LSS Gen 2 Chassis System is lightweight and compact, uses AR carbine-style buttstocks and buffer tubes. Castle nut and pistol grip also needed. Folding stock adapter available. Uses AICS -type detachable magazines. 223/5.56 American must use Ruger factory magazine. This chassis was designed for short barreled rifles, with a short forend and minimum weight. It still offers the same benefits in accuracy and ergonomics, and is also the most economical chassis from MDT.

MDT LSS Gen 2 Chassis System Safety Instruction Guide

Introduction

Thank you for choosing the MDT LSS Gen 2 Chassis System for your Ruger American rifle. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this manual thoroughly before installation and use.

General Safety Guidelines

- Always handle firearms with care and responsibility.
- Ensure that your workspace is clean and free from distractions when assembling or modifying your rifle.
- Use only authorized and compatible components with your MDT chassis system.
- Keep the chassis system away from children and unauthorized users.
- Regularly inspect your chassis and rifle for any signs of wear, damage, or malfunction.
- Follow all local laws and regulations regarding firearm use and modifications.
- Be aware of your surroundings and ensure a safe environment when using your rifle.

Specific Safety Precautions for Use

- Ensure the rifle is unloaded before installing or adjusting the chassis system.
- Use appropriate eye and ear protection when operating your firearm.
- Do not modify the chassis system or rifle in ways not specified in this manual.
- When using detachable magazines, ensure they are compatible and properly seated in the chassis.
- Use caution when utilizing the folding stock adapter; ensure it is securely locked in place before use.
- Avoid using the chassis system in adverse weather conditions that may affect performance and safety.

Instructions for Installation and Usage

Installation Steps

1. Preparation:

- Gather all necessary tools and components, including the chassis system, AR carbinestyle buttstock, buffer tube, castle nut, and pistol grip.

2. Disassembly:

- Ensure the rifle is unloaded.
- Remove the existing stock and any other components that will be replaced.

3. Chassis Installation:

- Attach the MDT LSS Gen 2 chassis to the action of the Ruger American rifle.
- Secure the chassis using the provided screws. Ensure they are tightened to the manufacturer's specifications.

4. Stock and Grip Installation:

- Install the buffer tube and castle nut onto the chassis.
- Attach the AR carbinestyle buttstock to the buffer tube.
- Install the pistol grip according to the manufacturer's instructions.

5. Final Checks:

- Inspect all connections and ensure everything is secure.
- Check that the folding stock adapter is functioning correctly.

Usage Guidelines

- Confirm that the rifle is properly assembled before use.
- Test the functionality of the chassis system in a safe and controlled environment.
- Always follow safe firearm handling practices during use.

Disposal Instructions

- Dispose of the chassis system and any associated components in accordance with local regulations.
- Do not dispose of firearms or firearm components in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the MDT LSS Gen 2 Chassis System, please reach out to the designated support channels provided with your product packaging.

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your MDT LSS Gen 2 Chassis System. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
