

Mirage Mitigation Hood FDE

[Rifle Parts](#) > [Forend & Handguard Parts](#) > [Handguard & Rail Accessories](#) > [Rail Covers](#)

The Mirage Shield/NV Bridge is a dual purpose, precision machined, add-on accessory for the MDT ACC chassis. While the main purpose of the mirage shield is to help mitigate mirage and maintain a clear view of your target in sustained strings of fire, it also provides the ability for hunters and operators to attach a night vision optic to their system. For competitors, the mirage shield also gives you better available surface to control the front of your rifle, without having to grab a hot barrel.

MDT Mirage Mitigation Hood Safety Instructions

Introduction

Thank you for choosing the MDT Mirage Mitigation Hood. This product is designed to enhance your shooting experience by mitigating mirage and providing a stable platform for night vision optics. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the MDT Mirage Mitigation Hood is used in accordance with all local laws and regulations regarding firearms and accessories.
- Always inspect the product for any damage or defects before use. Do not use if damaged.
- Keep the product out of reach of children and unauthorized users.
- Follow all safety guidelines provided with your firearm and other accessories.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate eye protection when using firearms.
- Ensure that the area around you is clear of any obstructions or individuals before firing.
- Avoid touching the barrel of the firearm directly after use, as it may become extremely hot.
- When attaching or detaching optics, ensure that the firearm is unloaded and pointed in a safe direction.
- Be aware of your surroundings and ensure that you have a clear line of sight to your target at all times.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure that the firearm is unloaded and in a safe condition before starting the installation process.
2. **Positioning:** Align the MDT Mirage Mitigation Hood with the front of the MDT ACC chassis.
3. **Attachment:** Securely fasten the hood using the provided mounting hardware. Ensure that it is tightly fitted to prevent movement during use.
4. **Optic Attachment:** If using a night vision optic, ensure that it is securely attached to the designated mounting area on the hood.

Usage

1. **Adjusting for Mirage:** When preparing to shoot, adjust the hood to minimize mirage effects. This may involve tilting or repositioning the hood based on environmental conditions.
2. **Maintaining Control:** Use the added surface of the hood to stabilize your rifle while aiming, ensuring that you do not touch the hot barrel.
3. **Night Vision Use:** When using a night vision optic, ensure that it is properly calibrated for your shooting conditions.

Disposal Instructions

- Dispose of the MDT Mirage Mitigation Hood in accordance with local regulations for electronic and metal waste.
- Do not dispose of the product in regular household waste.
- If the product is no longer usable, consider recycling materials where possible.

Contact Information for Further Support

For any inquiries or further assistance regarding the MDT Mirage Mitigation Hood, please refer to the manufacturer's website or contact your local dealer.

By adhering to these guidelines, you can ensure a safe and enjoyable experience with your MDT Mirage Mitigation Hood. Thank you for your attention to these important safety instructions.
