

# High Scope Base for ESS Chassis System Remington 700, Bergara B14 SA Black

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

MDT's ESS Scope Base Picatinny Rails are designed to make the mounting of your optics easier. They are machined from 6061-T6 aluminum, then hard-anodized for a durable finish. The underside of the rails are profiled to allow the rail to be mounted flush on the receiver and to match the geometry of the ejection port. These rails are designed with a 20 MOA incline providing additional elevation adjustment from your scope. A recoil lug has been integrated in the underside rail profile on models where the action's design allows for this feature. MDT's ESS Scope Base Picatinny Rails are specifically designed to be used with our ESS chassis system. The rails height has been determined to specifically align with the full & partial rail ESS forend.

# MDT High Scope Base for ESS Chassis System Safety Instructions

## Introduction

Thank you for choosing the MDT High Scope Base for the ESS Chassis System. This product is designed to enhance your shooting experience by providing a secure and reliable platform for mounting optics. To ensure safe and effective use, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always follow the manufacturer's instructions for installation and use.
- Regularly check the product for wear and damage before each use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe product conditions to the appropriate authorities.
- Stay informed about recall updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always ensure that the rifle is unloaded before installation or adjustment of the scope base.
- Do not exceed the manufacturer's recommended weight limits for optics mounted on the scope base.
- Avoid using the product in extreme environmental conditions that could compromise safety or functionality.
- Inspect the mounting screws and hardware regularly to ensure they are secure and free from damage.
- If you experience any unusual movement or instability while using the scope, discontinue use immediately and inspect the product.

## Instructions for Installation and Usage

### 1. Installation:

- Gather all necessary tools and components before beginning installation.
- Ensure the rifle is in a safe and stable position.
- Remove any existing scope mounts or bases from the receiver.
- Align the MDT High Scope Base with the mounting holes on the receiver.
- Insert and tighten the mounting screws securely but avoid overtightening, which may strip the holes.
- Doublecheck the alignment and stability of the scope base before proceeding.

### 2. Usage:

- Once the scope is mounted, adjust the optics according to the manufacturer's instructions.
- Always use the rifle in a safe and controlled environment.
- Be aware of your surroundings and ensure a clear line of sight when aiming.
- Regularly check the scope and base for any signs of loosening or wear during use.

## Disposal Instructions

- Dispose of the product in accordance with local regulations regarding metal and electronic waste.
- Do not dispose of the product in regular household waste.
- If you are unsure about proper disposal methods, contact your local waste management authority for guidance.

## **Contact Information for Further Support**

For any questions or concerns regarding the MDT High Scope Base for the ESS Chassis System, please refer to the manufacturer's website or contact their customer service department.

By following these safety instructions, you can ensure the safe and effective use of your MDT High Scope Base. Thank you for your attention to these important guidelines. Enjoy your shooting experience!
