

# High Scope Base for ESS Chassis System Howa 1500 SA FDE

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

MDT's ESS Scope Base Picatinny Rails are designed to make the mounting of your optics easier. They are machined from 6061-T6 aluminum, then hard-anodized for a durable finish. The underside of the rails are profiled to allow the rail to be mounted flush on the receiver and to match the geometry of the ejection port. These rails are designed with a 20 MOA incline providing additional elevation adjustment from your scope. A recoil lug has been integrated in the underside rail profile on models where the action's design allows for this feature. MDT's ESS Scope Base Picatinny Rails are specifically designed to be used with our ESS chassis system. The rails height has been determined to specifically align with the full & partial rail ESS forend.

# MDT High Scope Base for ESS Chassis System

## Safety Instruction Guide

### Introduction

Thank you for choosing the MDT High Scope Base for the ESS Chassis System. This guide provides important safety information, installation instructions, and usage guidelines to ensure the safe and effective operation of your product. Please read this manual carefully before use.

### General Safety Guidelines

- Ensure that the MDT High Scope Base is installed correctly to prevent any accidents or injuries.
- Always handle the product with care and store it in a secure location when not in use.
- Regularly inspect the scope base for any signs of wear or damage. If any issues are found, discontinue use immediately.
- Keep the product out of reach of children and vulnerable individuals to prevent misuse or accidents.
- Report any unsafe conditions or accidents to the appropriate authorities.

### Specific Safety Precautions for Use

- Only use the MDT High Scope Base with compatible optics and the ESS chassis system.
- Ensure that the mounting surface is clean and free from debris before installation.
- Do not exceed the manufacturer's recommended weight limits for mounted optics.
- Avoid using the product in extreme environmental conditions that may affect its performance.
- Use protective eyewear when adjusting or handling the optics mounted on the scope base.

### Instructions for Installation and Usage

#### 1. Preparation:

- Gather all necessary tools for installation, including a torque wrench and appropriate screws.
- Ensure you have a clean and well-lit workspace.

#### 2. Installation:

- Align the MDT High Scope Base with the mounting points on your ESS chassis system.
- Secure the base using the provided screws, ensuring they are tightened to the manufacturer's specifications.
- If applicable, ensure that the recoil lug is properly integrated into the underside rail profile.

#### 3. Mounting Optics:

- Carefully place your optic onto the mounted scope base.
- Adjust the optic to ensure proper alignment with the rifle's sighting system.
- Secure the optic using the manufacturer's recommended mounting method.

#### 4. Final Checks:

- Doublecheck all screws and connections to ensure they are secure.
- Perform a function check to ensure that the optic is properly mounted and aligned.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations regarding aluminum and electronic waste.
- Ensure that all components are disposed of responsibly to minimize environmental impact.

## **Contact Information for Further Support**

For any questions or concerns regarding the MDT High Scope Base for the ESS Chassis System, please refer to the manufacturer's website or customer service for further assistance.

Thank you for your attention to these safety instructions. We hope you enjoy using your MDT High Scope Base for the ESS Chassis System safely and effectively.
