

High Scope Base for ESS Chassis System Browning X-Bolt SA FDE

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

MDT's ESS Scope Base Picatinny Rails are designed to make the mounting of your optics easier. They are machined from 6061-T6 aluminum, then hard-anodized for a durable finish. The underside of the rails are profiled to allow the rail to be mounted flush on the receiver and to match the geometry of the ejection port. These rails are designed with a 20 MOA incline providing additional elevation adjustment from your scope. A recoil lug has been integrated in the underside rail profile on models where the action's design allows for this feature. MDT's ESS Scope Base Picatinny Rails are specifically designed to be used with our ESS chassis system. The rails height has been determined to specifically align with the full & partial rail ESS forend.

MDT High Scope Base for ESS Chassis System

Safety Instructions

Introduction

Thank you for choosing the MDT High Scope Base for the ESS Chassis System. This guide provides essential safety instructions and operational guidelines to ensure the safe use of this product. Please read and understand all instructions before installation and usage.

General Safety Guidelines

- Always ensure that the product is installed correctly to avoid any accidents or malfunctions.
- Regularly inspect the product for wear and tear, and replace any damaged parts immediately.
- Keep the product out of reach of children and vulnerable individuals to prevent misuse.
- Ensure that the product is used in accordance with the manufacturer's specifications and guidelines.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Verify that the MDT High Scope Base is compatible with your Browning XBolt SA before installation.
- Always use appropriate tools and follow the installation instructions carefully.
- Ensure that the mounting surfaces are clean and free of debris before installation.
- Do not exceed the recommended weight limit for optics mounted on the scope base.
- Avoid using the product in extreme weather conditions that may affect performance.
- If you experience any unusual behavior or performance issues, cease use immediately and consult a professional.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure you are working in a clean, dry environment.

2. Installation Steps:

- Remove any existing scope bases from the Browning XBolt SA.
- Clean the mounting area on the receiver to ensure a proper fit.
- Align the MDT High Scope Base with the mounting holes on the receiver.
- Secure the base using the provided screws, ensuring they are tightened to the manufacturer's specifications.
- Check that the rail is mounted flush and properly aligned with the ejection port.

3. Optics Mounting:

- Carefully attach your optics to the mounted scope base.
- Ensure that the optics are secured tightly but avoid overtightening which may damage the equipment.
- Perform a final check to ensure everything is secure before use.

4. Usage:

- Always handle your firearm responsibly and in accordance with local laws and regulations.

- Regularly check the scope base for any signs of loosening or damage during use.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, use designated recycling facilities for metal and aluminum products.

Contact Information for Further Support

For any questions or concerns regarding the MDT High Scope Base, please refer to the manufacturer's website or contact their customer service for assistance.

Thank you for your attention to these safety instructions. Your safety is our priority.
