

High Scope Base for ESS Chassis System Stiller TAC338 LA Black

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

MDT's ESS Scope Base Picatinny Rails are designed to make the mounting of your optics easier. They are machined from 6061-T6 aluminum, then hard-anodized for a durable finish. The underside of the rails are profiled to allow the rail to be mounted flush on the receiver and to match the geometry of the ejection port. These rails are designed with a 20 MOA incline providing additional elevation adjustment from your scope. A recoil lug has been integrated in the underside rail profile on models where the action's design allows for this feature. MDT's ESS Scope Base Picatinny Rails are specifically designed to be used with our ESS chassis system. The rails height has been determined to specifically align with the full & partial rail ESS forend.

MDT High Scope Base for ESS Chassis System

Safety Instructions

Introduction

Thank you for choosing the MDT High Scope Base for the ESS Chassis System. This product is designed to enhance the mounting of optics on your rifle. To ensure safe and effective use of the scope base, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always inspect the scope base for any damage or defects before use.
- Follow all manufacturer instructions for installation and usage.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about product recalls through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Do not exceed the recommended weight limit for optics mounted on the scope base.
- Ensure that the scope base is securely attached to the chassis system before use.
- Avoid using the product in extreme conditions that may compromise its integrity.
- Regularly check the mounting screws for tightness and wear.
- Use appropriate tools when installing or adjusting the scope base to prevent injury.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure that the rifle is unloaded and pointed in a safe direction during installation.

2. Installation Steps

- Align the MDT High Scope Base with the Picatinny rail on the ESS chassis system.
- Insert the mounting screws through the base into the chassis rail.
- Tighten the screws evenly using a torque wrench to the manufacturer's recommended specifications.
- Verify that the base is mounted flush against the receiver and that there is no movement.

3. Usage Instructions

- After installation, mount your optic securely onto the scope base.
- Adjust the optic according to your shooting preferences and requirements.
- Conduct a test fire in a safe environment to ensure proper alignment and stability.

Disposal Instructions

- Dispose of the product in accordance with local regulations for aluminum and other materials.
- Do not dispose of the product in household waste. Instead, take it to a designated recycling facility.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please refer to the EUbased contact point provided with your product documentation.

By following these safety instructions, you can ensure the safe and effective use of the MDT High Scope Base for the ESS Chassis System. Thank you for your attention to safety.
