

High Scope Base for ESS Chassis System Stiller TAC338 LA FDE

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

MDT's ESS Scope Base Picatinny Rails are designed to make the mounting of your optics easier. They are machined from 6061-T6 aluminum, then hard-anodized for a durable finish. The underside of the rails are profiled to allow the rail to be mounted flush on the receiver and to match the geometry of the ejection port. These rails are designed with a 20 MOA incline providing additional elevation adjustment from your scope. A recoil lug has been integrated in the underside rail profile on models where the action's design allows for this feature. MDT's ESS Scope Base Picatinny Rails are specifically designed to be used with our ESS chassis system. The rails height has been determined to specifically align with the full & partial rail ESS forend.

MDT High Scope Base for ESS Chassis System

Safety Instruction Guide

Introduction

Thank you for choosing the MDT High Scope Base for the ESS Chassis System. This guide provides essential safety information and instructions for the proper use and maintenance of your product. Please read this guide thoroughly to ensure safe operation and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always ensure that the product is used in accordance with the manufacturer's instructions.
- Inspect the product regularly for any signs of damage or wear.
- Store the product in a safe, dry place when not in use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or incidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the MDT High Scope Base is compatible with your ESS chassis system before installation.
- Avoid using the product if it shows any signs of damage, such as cracks or deformities.
- Do not exceed the recommended weight limit for the mounted optics.
- Use appropriate tools when installing or adjusting the scope base to prevent injury.
- Always follow the manufacturer's guidelines for mounting and adjusting your optics.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools: a torque wrench, appropriate screwdrivers, and any additional tools specified in the product manual.
- Ensure that your work area is clean and free of distractions.

2. Installation Steps

- Remove any existing scope mounts from the chassis.
- Align the MDT High Scope Base with the mounting holes on the ESS chassis.
- Use the provided screws to secure the scope base. Ensure that the screws are tightened to the manufacturer's specified torque settings.
- Check that the base is level and securely attached before proceeding to mount your optics.

3. Usage

- Once installed, carefully mount your optics onto the scope base.
- Adjust the optics as needed, ensuring that all adjustments are made in accordance with the manufacturer's instructions.
- Regularly check the tightness of the scope base and optics after use, especially after heavy recoil or extended shooting sessions.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- If applicable, recycle materials such as aluminum in designated recycling facilities.

Contact Information for Further Support

For any inquiries regarding safety, product usage, or support, please refer to the manufacturer's contact information provided with the product packaging or on the official website.

By following these guidelines and instructions, you can ensure the safe and effective use of the MDT High Scope Base for the ESS Chassis System. Thank you for prioritizing safety and compliance.
