

High Scope Base for ESS Chassis System Lithgow 102 SA Black

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

MDT's ESS Scope Base Picatinny Rails are designed to make the mounting of your optics easier. They are machined from 6061-T6 aluminum, then hard-anodized for a durable finish. The underside of the rails are profiled to allow the rail to be mounted flush on the receiver and to match the geometry of the ejection port. These rails are designed with a 20 MOA incline providing additional elevation adjustment from your scope. A recoil lug has been integrated in the underside rail profile on models where the action's design allows for this feature. MDT's ESS Scope Base Picatinny Rails are specifically designed to be used with our ESS chassis system. The rails height has been determined to specifically align with the full & partial rail ESS forend.

MDT High Scope Base for ESS Chassis System

Safety Instruction Guide

Introduction

Thank you for choosing the MDT High Scope Base for the ESS Chassis System. This guide provides essential safety instructions and information to ensure the safe use and installation of your product. It is important to follow these guidelines to prevent accidents and ensure optimal performance.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the MDT High Scope Base by following all instructions.
- **Enhanced Recalls:** Stay informed about potential recalls. Check for updates regularly.
- **Online Shopping:** If purchased online, ensure the seller meets safety requirements.
- **Special Consumer Focus:** Keep this product away from children. It is not designed for use by individuals under the age of 18.
- **EU Contact Point:** For any safety inquiries, refer to the contact point provided by the manufacturer.
- **Rapid Alerts:** Be aware of the Safety Gate system for updates on product safety.

Specific Safety Precautions for Use

- **Installation Safety:** Ensure the rifle is unloaded before installation.
- **Use Appropriate Tools:** Use the correct tools for installation to avoid damaging the scope base or rifle.
- **Avoid Overtightening:** Do not overtighten screws, as this may lead to damage or failure of the scope base.
- **Check for Damage:** Inspect the scope base for any signs of damage before use. Do not use if damaged.
- **Installation Environment:** Perform installations in a clean, dry environment to avoid contamination.

Instructions for Installation and Usage

1. Preparation:

- Ensure the rifle is unloaded.
- Gather necessary tools: a torque wrench, screwdriver, and any other required tools.

2. Installation Steps:

- Align the MDT High Scope Base with the Picatinny rail on the rifle receiver.
- Gently place the base onto the rail, ensuring it fits flush against the receiver.
- Insert the screws provided with the scope base into the designated holes.
- Using a torque wrench, tighten the screws to the manufacturer's recommended torque specifications. Do not exceed the recommended torque.
- Check that the base is securely attached and does not move.

3. Usage:

- Once installed, attach your optics to the MDT High Scope Base as per the optic manufacturer's instructions.
- Regularly check the tightness of the scope base and optics during use, especially after extended shooting sessions.

Disposal Instructions

- **Recycling:** Dispose of the MDT High Scope Base in accordance with local regulations. The aluminum material is recyclable.
- **Hazardous Waste:** If any components are found to be hazardous, ensure they are disposed of at a designated hazardous waste facility.

Contact Information for Further Support

For any questions or concerns regarding the MDT High Scope Base for the ESS Chassis System, please refer to the contact information provided by the manufacturer. It is important to address any safety inquiries promptly.

By following these safety instructions, you can ensure a safe and effective experience with your MDT High Scope Base for the ESS Chassis System. Thank you for your attention to these important guidelines.
