

High Scope Base for ESS Chassis System Winchester XPR SA Black

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

MDT's ESS Scope Base Picatinny Rails are designed to make the mounting of your optics easier. They are machined from 6061-T6 aluminum, then hard-anodized for a durable finish. The underside of the rails are profiled to allow the rail to be mounted flush on the receiver and to match the geometry of the ejection port. These rails are designed with a 20 MOA incline providing additional elevation adjustment from your scope. A recoil lug has been integrated in the underside rail profile on models where the action's design allows for this feature. MDT's ESS Scope Base Picatinny Rails are specifically designed to be used with our ESS chassis system. The rails height has been determined to specifically align with the full & partial rail ESS forend.

MDT High Scope Base for ESS Chassis System Safety Instructions

Introduction

Thank you for choosing the MDT High Scope Base for the ESS Chassis System. This guide provides essential safety instructions to ensure the safe use and installation of your product. Please read this guide carefully before using the product to avoid potential hazards.

General Safety Guidelines

- Ensure safe use of the product by following all instructions provided in this manual.
- Always inspect the product for any damage or defects before use.
- Keep the product out of reach of children and vulnerable individuals.
- If you notice any unusual behavior or performance from the product, cease use immediately and consult a professional.
- Report any unsafe product incidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Only use the MDT High Scope Base with compatible optics and chassis systems.
- Ensure that the installation area is clean and free from debris to prevent accidents.
- Wear appropriate safety gear, including eye protection, during installation.
- Do not exceed the weight limit recommended for the scope base.
- Avoid modifying the product or using it for unintended purposes.
- Ensure that the recoil lug is properly integrated if applicable to your model.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools for installation, including a torque wrench.
- Ensure that the work area is welllit and organized.

2. Installation Steps

- Remove any existing scope bases from the receiver.
- Clean the receiver surface to ensure a proper fit.
- Align the MDT High Scope Base with the mounting holes on the receiver.
- Insert screws through the base into the receiver, ensuring they are aligned correctly.
- Tighten the screws gradually using a torque wrench to the manufacturer's specifications.
- Check that the rail is mounted flush against the receiver and that there are no gaps.

3. Usage

- Once installed, mount your optics onto the MDT High Scope Base.
- Ensure that the optics are securely fastened and aligned properly.
- Test the setup by performing a function check to ensure everything is operating correctly.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling options if available in your area.

Contact Information for Further Support

For further inquiries or assistance regarding the MDT High Scope Base, please refer to the manufacturer's website or contact their customer support team.

Thank you for your attention to these safety instructions. Following these guidelines will help ensure a safe and enjoyable experience with your MDT High Scope Base for the ESS Chassis System.
