

# Picatinny Scope Base 20 MOA Black - MDT Accessories - Rails - Picatinny Scope Base - 20 MOA - Ruger American - SA - BLK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

MDT's Scope Base Picatinny Rails are designed to make the mounting of your optics easier. They are machined from 6061-T6 aluminum, then hard-anodized black for a durable finish. The underside of the rails are profiled to allow the rail to be mounted flush on the receiver and to match the geometry of the ejection port. These rails are designed with a 20 MOA incline providing additional elevation adjustment from your scope. A recoil lug has been integrated in the underside rail profile on models where the action's design allows for this feature. Most bases work with left-handed actions, too.

# MDT Picatinny Scope Base 20 MOA Safety Instruction Guide

## Introduction

Thank you for choosing the MDT Picatinny Scope Base 20 MOA. This product is designed to enhance your shooting experience by providing a stable and secure mounting platform for your optics. Please read this safety instruction guide carefully to ensure safe and proper use of the product.

## General Safety Guidelines

- Always inspect the product before use to ensure it is free from defects or damage.
- Follow all manufacturer instructions for installation and usage.
- Ensure that the product is compatible with your firearm model before installation.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use only compatible optics that are designed for use with Picatinny rails.
- Avoid overtightening screws during installation, which can damage the rail or your firearm.
- Ensure that the recoil lug is properly seated to prevent movement during firing.
- Do not use the scope base if it shows signs of wear, damage, or corrosion.
- Always use eye protection when using firearms equipped with mounted optics.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools for installation, including a torque wrench and appropriate screwdrivers.
- Ensure the firearm is unloaded and pointed in a safe direction.

### 2. Installation Steps:

- Align the MDT Picatinny Scope Base with the mounting holes on the receiver of your Ruger American rifle.
- Carefully position the base so that it sits flush against the receiver.
- Insert the screws through the base into the receiver and handtighten them.
- Use a torque wrench to tighten the screws to the manufacturer's recommended specifications. Avoid overtightening.

### 3. Mounting Your Optics:

- Once the scope base is securely installed, mount your optics according to the manufacturer's instructions.
- Ensure that the optics are securely fastened and properly aligned.

### 4. Final Checks:

- After installation, doublecheck all screws and connections to ensure they are secure.
- Conduct a function check of your firearm to ensure proper operation.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for recycling options for aluminum materials.
- Ensure that any packaging materials are also disposed of responsibly.

## **Contact Information for Further Support**

For any questions or concerns regarding the MDT Picatinny Scope Base or its installation, please refer to the manufacturer's website or customer support resources. Ensure that you have the product details ready for assistance.

Thank you for your attention to these safety instructions. Enjoy your shooting experience with the MDT Picatinny Scope Base 20 MOA!
