

Picatinny Scope Base 20 MOA Black - MDT Accessories - Rails - Picatinny Scope Base - 20 MOA - Anschutz Model 1416 - BLK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

MDT's Scope Base Picatinny Rails are designed to make the mounting of your optics easier. They are machined from 6061-T6 aluminum, then hard-anodized black for a durable finish. The underside of the rails are profiled to allow the rail to be mounted flush on the receiver and to match the geometry of the ejection port. These rails are designed with a 20 MOA incline providing additional elevation adjustment from your scope. A recoil lug has been integrated in the underside rail profile on models where the action's design allows for this feature. Most bases work with left-handed actions, too.

MDT Picatinny Scope Base 20 MOA Safety Instruction Guide

Introduction

Thank you for choosing the MDT Picatinny Scope Base 20 MOA. This guide provides important safety instructions and guidelines to ensure the safe use and installation of your scope base. Please read this document carefully before use to avoid any potential hazards.

General Safety Guidelines

- Ensure that the product is suitable for your specific firearm model (Anschutz Model 1416).
- Always handle firearms with care, following the basic rules of firearm safety.
- Inspect the scope base for any visible damage before installation.
- Use only compatible optics and accessories with the scope base.
- Store the scope base in a cool, dry place when not in use.
- Keep the product out of reach of children and unauthorized users.

Specific Safety Precautions for Use

- Do not exceed the recommended torque specifications when mounting the scope to avoid damage to the rail or optics.
- Ensure that the rail is securely fastened to the firearm before use.
- Avoid using the scope base in extreme weather conditions that may affect its performance.
- Regularly check the mounting screws for tightness and wear.
- Do not modify the scope base in any way, as this may compromise its integrity and safety.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including a torque wrench and appropriate screws.
- Ensure your firearm is unloaded and pointed in a safe direction.

2. Installation Steps

- Remove any existing scope bases or accessories from the firearm.
- Align the MDT Picatinny Scope Base with the mounting holes on the receiver.
- Using the provided screws, attach the scope base to the receiver.
- Tighten the screws to the manufacturer's recommended torque specifications.
- Check that the base is mounted flush on the receiver and that the geometry matches the ejection port.

3. Usage Steps

- Mount your optics securely onto the installed scope base.
- Perform a function check to ensure that the optics are properly aligned and secure.
- Test the firearm in a safe environment to ensure the setup functions as intended.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- If the product is damaged or no longer in use, consider recycling the aluminum material where facilities

are available.

Contact Information for Further Support

For any safety inquiries or assistance, please refer to the manufacturer's contact information included with your product packaging.

By following these safety guidelines and instructions, you can ensure the safe and effective use of your MDT Picatinny Scope Base 20 MOA. Thank you for prioritizing safety in your shooting activities.
