

# Picatinny Scope Base 20 MOA Black - MDT Accessories - Rails - Picatinny Scope Base - 20 MOA - Tikka T1X - BLK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

MDT's Scope Base Picatinny Rails are designed to make the mounting of your optics easier. They are machined from 6061-T6 aluminum, then hard-anodized black for a durable finish. The underside of the rails are profiled to allow the rail to be mounted flush on the receiver and to match the geometry of the ejection port. These rails are designed with a 20 MOA incline providing additional elevation adjustment from your scope. A recoil lug has been integrated in the underside rail profile on models where the action's design allows for this feature. Most bases work with left-handed actions, too.

# MDT Picatinny Scope Base 20 MOA Black Safety Instruction Guide

## Introduction

Thank you for choosing the MDT Picatinny Scope Base 20 MOA Black. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this document carefully before installation and usage.

## General Safety Guidelines

- Ensure that the product is compatible with your firearm model, specifically the Tikka T1X.
- Always handle firearms and accessories with care and in a safe manner.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the scope base for signs of wear or damage before each use.
- Do not modify the scope base; alterations may compromise safety and performance.
- Always follow the manufacturer's instructions for installation and usage.

## Specific Safety Precautions for Use

- Use only with optics that are compatible with a Picatinny rail system.
- Ensure that the mounting surface is clean and free from debris before installation.
- Do not exceed the recommended torque specifications when securing the scope base to the firearm.
- Be aware of the recoil forces generated during firing; ensure that the recoil lug is properly engaged.
- Avoid using the scope base in extreme environmental conditions unless specified by the manufacturer.
- If you notice any instability or looseness during use, discontinue use immediately and check for proper installation.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools, including a torque wrench, to ensure proper installation.
- Ensure that your firearm is unloaded and pointed in a safe direction.

### 2. Installation Steps

- Position the MDT Picatinny Scope Base on the receiver of your Tikka T1X.
- Align the rail with the ejection port and ensure it is flush with the surface.
- Insert and handtighten the screws into the mounting holes.
- Use a torque wrench to tighten the screws to the manufacturer's specified torque settings. Avoid overtightening.

### 3. Usage Guidelines

- Once installed, mount your optic securely onto the scope base.
- Check the alignment of the optic and ensure it is securely fastened.
- Perform a function check to ensure that the optic operates correctly with the mounted scope base.

### 4. PostInstallation Check

- After installation, visually inspect the scope base and optic for any misalignment or instability.
- Make any necessary adjustments before taking the firearm to the range.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations regarding metal and aluminum disposal.
- Do not dispose of the product in household waste.
- Consider recycling the aluminum material if possible.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the MDT Picatinny Scope Base, please consult the manufacturer's website or authorized dealers for assistance. Ensure that you keep this guide for future reference.

By following these safety instructions and guidelines, you can ensure the safe and effective use of your MDT Picatinny Scope Base 20 MOA Black. Thank you for your attention to safety and responsible firearm handling.
