

## Picatinny Rail - MDT Accessories - Rails - Picatinny Rail with QD Sling Cup - 6.5" - BLK

[Rifle Parts](#) > [Forend & Handguard Parts](#) > [Handguard & Rail Accessories](#) > [Accessory Rails](#)

MDT's Picatinny rails are designed to be a reliable addition to our chassis systems when installing various accessories on your bolt action rifle. They are machined from 6061-T6 aluminum, then hard-anodized black for a durable finish. These rails come in 3 different lengths and feature an integral QD flush cup sling mount on the 2 longer sizes. Screw spacing is 1.6" center to center (common with other reputable rail brands). 10/24 flat head screws in  $\frac{3}{8}$ " and  $\frac{5}{8}$ " length and 10/24 weld nuts for installation on AR15 style handguards included.

# MDT Picatinny Rail Safety Instruction Guide

## Introduction

Thank you for choosing the MDT Picatinny Rail with QD Sling Cup. This product is designed to enhance your bolt action rifle by providing a reliable mounting platform for various accessories. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as outlined in this guide.
- Always inspect the Picatinny rail and its components for damage before use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents related to the product to the appropriate authorities.
- Stay informed about any recalls or safety alerts regarding the product through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- **Installation Precautions:**
  - Only use the provided 10/24 flat head screws and weld nuts for installation.
  - Ensure that screws are tightened to the manufacturer's specifications to avoid loosening during use.
- **Weight Limitations:**
  - Do not exceed the weight capacity recommended for the rail. Overloading can compromise safety and performance.
- **Sling Usage:**
  - When using the QD sling cup, ensure that the sling is properly secured to prevent accidental detachment.
- **Environmental Considerations:**
  - Avoid exposing the rail to extreme temperatures or corrosive environments that may affect its integrity.

## Instructions for Installation and Usage

### Installation Steps

#### 1. Preparation:

- Gather all necessary tools, including a screwdriver compatible with 10/24 flat head screws.
- Ensure the installation area is clean and free from debris.

#### 2. Positioning the Rail:

- Align the Picatinny rail with the designated mounting points on your rifle.
- Confirm that the rail is positioned correctly and securely.

#### 3. Securing the Rail:

- Insert the 10/24 flat head screws through the rail into the weld nuts.
- Tighten the screws evenly, ensuring that the rail is firmly attached without overtightening.

#### 4. Final Inspection:

- After installation, check that the rail is securely mounted and that there are no loose screws.

- Test the QD sling cup to ensure it functions correctly.

## **Usage Guidelines**

- Always follow the manufacturer's instructions for any accessories mounted on the Picatinny rail.
- Regularly inspect the rail and attachments for wear and tear.
- If you notice any signs of damage or instability, discontinue use immediately and consult a qualified professional.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in general waste. Instead, seek out designated recycling facilities for metal and aluminum products.
- Ensure that any packaging materials are also disposed of responsibly.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the MDT Picatinny Rail, please refer to the manufacturer's official website or customer service channels for assistance.

Thank you for taking the time to read this safety instruction guide. Your safety and satisfaction are our top priorities.
