

## M-Lok Arca Swiss Rails - MDT M-Lok Arca Swiss Rail 3.3" for LSS-XL Gen2

[Rifle Parts](#) > [Forend & Handguard Parts](#) > [Handguard & Rail Accessories](#) > [Accessory Rails](#)

Arca Swiss adapters have become the standard for attaching rifles to tripods, bipods and support gear. Need to attach your MDT Chassis rifle to an ARCA interface? Use our M-LOK ARCA Rail. The MDT M-LOK ARCA Rail is Mil-spec Type III hard-black anodized. Available as a standard, flat profile that can adapt to most M-LOK compatible surfaces or as an angled profile that is designed to match the underside profile of the MDT LSS-XL Gen2. Available in multiple lengths.

# MDT MLoc Arca Swiss Rails Safety Instruction Guide

## Introduction

Thank you for choosing the MDT MLoc Arca Swiss Rail 3.3" for LSSXL Gen2. This product is designed to securely attach your MDT Chassis rifle to an ARCA interface, providing enhanced stability and versatility when using tripods, bipods, and other support gear. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always ensure that the MDT MLoc Arca Swiss Rail is compatible with your equipment before installation.
- Inspect the rail for any visible damage or defects before use. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals.
- Follow all manufacturer instructions for installation and usage to avoid accidents.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the rail is securely mounted to prevent slippage or detachment during use.
- Avoid overtightening screws, as this may damage the rail or the mounting surface.
- Do not use the rail for any purpose other than its intended use as specified by the manufacturer.
- Be cautious when handling the rail, as sharp edges may be present.
- If you experience any issues during use, discontinue use immediately and consult the manufacturer.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools for installation, including a compatible screwdriver.
- Ensure that the work area is clean and free from obstructions.

### 2. Installation:

- Align the MDT MLoc Arca Swiss Rail with the MLOK compatible surface on your chassis.
- Insert the screws provided with the rail into the MLOK slots.
- Gently tighten the screws until secure. Do not overtighten.

### 3. Usage:

- To attach your rifle to a tripod or bipod, align the ARCA interface with the rail.
- Securely lock the rifle in place according to the instructions for your tripod or bipod.
- Always check that the rifle is firmly attached before use.

### 4. Maintenance:

- Regularly inspect the rail for any signs of wear or damage.
- Clean the rail with a soft cloth to remove dirt or debris that may affect performance.

## **Disposal Instructions**

- Dispose of the MDT MLok Arca Swiss Rail responsibly in accordance with local regulations.
- If the product is damaged beyond use, consider recycling materials where possible.
- Do not dispose of in regular household waste if local regulations specify different disposal methods for metal products.

## **Contact Information for Further Support**

For any questions or concerns regarding the MDT MLok Arca Swiss Rail, please refer to the manufacturer's website or contact the customer support team for assistance. Ensure you have your product details ready for a more efficient response.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy using your MDT MLok Arca Swiss Rail!
