

M-Lok Arca Swiss Rails - MDT Accessories - M-LOK ARCA Rail - 10.25" - BLK

[Rifle Parts](#) > [Forend & Handguard Parts](#) > [Handguard & Rail Accessories](#) > [Accessory Rails](#)

Arca Swiss adapters have become the standard for attaching rifles to tripods, bipods and support gear. Need to attach your MDT Chassis rifle to an ARCA interface? Use our M-LOK ARCA Rail. The MDT M-LOK ARCA Rail is Mil-spec Type III hard-black anodized. Available as a standard, flat profile that can adapt to most M-LOK compatible surfaces or as an angled profile that is designed to match the underside profile of the MDT LSS-XL Gen2. Available in multiple lengths.

MDT MLoc Arca Swiss Rails Safety Instruction Guide

Introduction

Thank you for choosing the MDT MLoc Arca Swiss Rail. This product is designed to securely attach your MDT Chassis rifle to tripods, bipods, and other support gear. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure the product is used only for its intended purpose of attaching MDT Chassis rifles to ARCA interfaces.
- Inspect the rail for any signs of damage or wear before each use. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Follow all local regulations and guidelines regarding the use of firearms and firearm accessories.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always ensure that the rifle is unloaded before attaching or detaching the rail.
- Use the rail on compatible MLOK surfaces only. Ensure a secure fit before use.
- Do not exceed the weight limit specified for the rail to avoid failure during use.
- Avoid using the rail in extreme weather conditions that may affect its performance.
- Ensure that all fasteners are tightened properly before use to prevent accidental detachment.

Instructions for Installation and Usage

Installation

1. Preparation:

- Ensure the rifle is unloaded and on a stable surface.
- Gather all necessary tools for installation (e.g., hex key).

2. Attaching the Rail:

- Align the MLOK ARCA Rail with the desired mounting position on your MDT Chassis.
- Insert the provided screws through the rail into the MLOK slots.
- Tighten the screws securely using the hex key. Do not overtighten to avoid damaging the rail or chassis.

3. Checking Stability:

- After installation, check the stability of the rail by gently tugging on it. It should not move or wobble.

Usage

- When attaching your rifle to a tripod or bipod, ensure that the connection is secure before use.
- Always maintain a safe distance from others when using the rifle attached to the rail.
- Regularly check the attachment points for wear or loosening during use.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding aluminum and metal waste.
- Do not dispose of the product in regular household waste if it can be recycled. Check with local recycling centers for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the MDT MLok Arca Swiss Rail, please contact the manufacturer directly through the provided contact channels. Ensure that you have your product details ready for efficient assistance.

Thank you for your attention to these safety instructions. Enjoy using your MDT MLok Arca Swiss Rail safely and responsibly.
