

Rear Bag Rider - MDT Accessories - Rear Bag Rider - Bolt on - BLK

[Rifle Parts](#) > [Stock Parts](#) > [Stock Hardware](#) > [Adapter](#)

The Rear Bag Rider offers an end user an additional 5" to interface with a rear bag, or compliment multiple shooting positions. A flat, horizontal surface aids in linear recoil and the rounded profile reduces snagging on bags and gear. Mil-Spec Type III hard-black anodized aluminum. Two drilled and tapped holes 1.6" apart needed for attachment.

MDT Rear Bag Rider Safety Instruction Guide

Introduction

Thank you for choosing the MDT Rear Bag Rider. This product is designed to enhance your shooting experience by providing a stable interface for rear bags and supporting various shooting positions. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always ensure that the product is compatible with your firearm and shooting setup.
- Inspect the Rear Bag Rider for any visible damage or defects before use.
- Do not exceed the manufacturer's recommendations regarding load and usage.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the Rear Bag Rider is securely attached to your shooting platform before use.
- Avoid using the product in adverse weather conditions that may affect its performance.
- Do not use the product as a substitute for proper shooting safety equipment.
- Be aware of your surroundings and ensure that the shooting area is safe and clear of obstructions.
- Always follow local laws and regulations regarding shooting practices.

Instructions for Installation and Usage

1. Installation

- Identify the two drilled and tapped holes on the Rear Bag Rider, which are spaced 1.6 inches apart.
- Align the Rear Bag Rider with the corresponding attachment points on your shooting platform.
- Use appropriate screws (not included) to secure the Rear Bag Rider firmly in place.
- Ensure that the installation is stable and does not wobble or shift.

2. Usage

- Position your rear bag on the flat, horizontal surface of the Rear Bag Rider.
- Adjust your shooting position as necessary to maintain balance and stability.
- Regularly check the attachment points for any signs of loosening or wear during use.
- When finished, carefully remove the Rear Bag Rider if not needed for future use.

Disposal Instructions

- When the MDT Rear Bag Rider reaches the end of its life cycle, dispose of it responsibly.
- Check local regulations for proper disposal methods for aluminum products.
- If the product is damaged or no longer functional, consider recycling the aluminum material.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the MDT Rear Bag Rider, please refer to the official MDT website or your point of purchase for contact details.

By following these guidelines, you ensure not only your safety but also the longevity and performance of your MDT Rear Bag Rider. Thank you for your attention to safety and enjoy your shooting experience!
