

Elite Scope Rings, 30mm tube diameter - MDT Accessories - Scope Rings - Elite - 30mm - Low (0.820in) - BLK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

The MDT Elite Scope Rings offer a solid, lightweight mounting system for your optics. Built-in bubble level. MDT Precision Scope Rings are designed and manufactured to STANAG 4694 specification, also known as "NATO spec". This means the scope ring sits tight to the top of the scope base rail, with pressure being applied to the underside of the angled rail surfaces to maintain a solid interface. This design also allows mounting on out-of-spec rails.

MDT Elite Scope Rings Safety Instruction Guide

Introduction

Thank you for choosing the MDT Elite Scope Rings. These rings are designed to provide a secure and reliable mounting solution for your optics. To ensure your safety and the optimal performance of the product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that the MDT Elite Scope Rings are used only for their intended purpose.
- Always inspect the scope rings for any damage or wear before installation and use.
- Keep the product out of reach of children and vulnerable individuals.
- Use the product in accordance with all applicable laws and regulations.
- Report any unsafe products or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not exceed the recommended weight limit for the scope and accessories mounted on the rings.
- Avoid using the scope rings in extreme environmental conditions that could compromise their integrity.
- Ensure that the scope is properly secured within the rings to prevent movement during use.
- Use caution when adjusting or tightening the rings to avoid overtightening, which may damage the scope or rings.
- If you notice any unusual behavior or instability while using the scope, discontinue use immediately and inspect the rings.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench if available.
- Ensure that the mounting surface is clean and free of debris.

2. Installation Steps:

- Align the MDT Elite Scope Rings with the scope base rail, ensuring that the rings are positioned correctly for optimal alignment.
- Place the scope into the rings, ensuring that it is centered and level.
- Begin tightening the screws on the rings gradually, alternating between screws to maintain even pressure.
- Use a torque wrench to tighten the screws to the manufacturer's recommended torque settings.
- After installation, doublecheck the alignment and secure fit of the scope.

3. Usage:

- Before use, confirm that the scope is properly mounted and functioning as intended.
- Regularly check the tightness of the rings during use, especially after heavy use or transportation.

Disposal Instructions

- Dispose of the MDT Elite Scope Rings in accordance with local regulations for electronic and metal waste.
- Do not dispose of the product in regular household waste.
- If necessary, contact your local waste management authority for guidance on safe disposal.

Contact Information for Further Support

For any inquiries or further assistance regarding the MDT Elite Scope Rings, please refer to the contact information provided by the retailer or manufacturer where the product was purchased.

Thank you for taking the time to read this safety instruction guide. Your safety and satisfaction are our top priorities. Enjoy your experience with the MDT Elite Scope Rings!
