

# Elite Scope Rings, 30mm tube diameter - MDT Accessories - Scope Rings - Elite - 30mm - Medium (1.00in) - BLK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

The MDT Elite Scope Rings offer a solid, lightweight mounting system for your optics. Built-in bubble level. MDT Precision Scope Rings are designed and manufactured to STANAG 4694 specification, also known as "NATO spec". This means the scope ring sits tight to the top of the scope base rail, with pressure being applied to the underside of the angled rail surfaces to maintain a solid interface. This design also allows mounting on out-of-spec rails.

# MDT Elite Scope Rings Safety Instructions

## Introduction

Thank you for choosing the MDT Elite Scope Rings. These scope rings are designed to provide a secure and reliable mounting solution for your optics. To ensure safe and effective use, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Ensure that the scope rings are suitable for your specific optics and firearm.
- Always handle firearms safely and responsibly. Follow all local laws and regulations regarding firearm use.
- Inspect the scope rings for any damage or defects before installation. Do not use damaged products.
- Keep the scope rings out of reach of children and vulnerable individuals.
- Use the scope rings only for their intended purpose. Misuse may lead to accidents or injuries.
- Regularly check the scope rings for tightness and integrity, especially after extended use.

## Specific Safety Precautions for Use

- Ensure that the mounting surface is clean and free of debris before installation.
- Do not exceed the manufacturer's recommended torque settings when securing the scope rings.
- Avoid overtightening, which may damage the scope or the rings.
- Use caution when adjusting the scope position to prevent pinching or injury.
- Be aware of the weight of the optics being mounted; excessive weight may affect stability and safety.
- If you experience any issues or abnormalities during use, cease operation immediately and consult a qualified technician.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure that the firearm is unloaded and pointed in a safe direction before starting the installation.

### 2. Installation Steps

- Place the MDT Elite Scope Rings on the scope base rail, ensuring they are aligned properly.
- Insert the screws into the rings and handtighten them to hold the rings in place.
- Using a torque wrench, tighten the screws to the manufacturer's specified torque settings. Avoid overtightening.
- Once installed, check the alignment of the scope and make adjustments as necessary.

### 3. Usage

- After installation, check that the scope is securely mounted and that the rings are tight.
- Use the built-in bubble level to ensure proper alignment of the scope.
- Regularly inspect the scope rings and mounting system for any signs of wear or damage.

## Disposal Instructions

- Dispose of the MDT Elite Scope Rings in accordance with local regulations.
- Do not dispose of the product in household waste. Check for designated recycling centers or hazardous waste disposal facilities.

## **Contact Information for Further Support**

For more information or assistance regarding the MDT Elite Scope Rings, please contact the manufacturer. Ensure that you have the product details and any relevant information ready for a prompt response.
