

Elite Scope Rings, 34mm tube diameter - MDT Accessories - Scope Rings - Elite - 34mm - Medium (1.00in) - BLK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

The MDT Elite Scope Rings offer a solid, lightweight mounting system for your optics. Built-in bubble level. MDT Precision Scope Rings are designed and manufactured to STANAG 4694 specification, also known as "NATO spec". This means the scope ring sits tight to the top of the scope base rail, with pressure being applied to the underside of the angled rail surfaces to maintain a solid interface. This design also allows mounting on out-of-spec rails.

MDT Elite Scope Rings Safety Instruction Guide

Introduction

Thank you for choosing the MDT Elite Scope Rings. This guide provides essential safety instructions and guidelines for the proper use and installation of your scope rings. Please read this document carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure safe use of the MDT Elite Scope Rings by following these guidelines:
 - Always inspect the product for any visible damage before installation.
 - Use the scope rings only for their intended purpose, which is to mount optics securely.
 - Keep the scope rings out of reach of children and vulnerable individuals to prevent accidents.
 - Do not modify or alter the scope rings in any way, as this may compromise safety and performance.
 - Be aware of your surroundings while handling the scope rings to avoid accidents.

Specific Safety Precautions for Use

- When using the MDT Elite Scope Rings, please observe the following precautions:
 - Ensure that the scope rings are compatible with your scope and mounting system.
 - Always tighten the screws to the manufacturer's specifications to ensure a secure fit.
 - Regularly check the tightness of the screws during use, especially after heavy recoil or extended use.
 - Avoid exposing the scope rings to extreme temperatures or harsh environmental conditions that may affect their integrity.
 - If you notice any wear or damage to the scope rings, discontinue use immediately and replace them.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench and appropriate screwdriver.
- Ensure that your rifle is unloaded and pointed in a safe direction.

2. Installation Steps:

- Place the MDT Elite Scope Rings onto the scope base rail.
- Align the scope rings with the mounting holes on the base rail.
- Insert and handtighten the screws to hold the rings in place.
- Use a torque wrench to tighten the screws to the recommended torque settings (typically specified in the product manual).

3. Scope Mounting:

- Carefully place your scope into the installed rings.
- Adjust the position of the scope to achieve the desired eye relief and alignment.
- Once positioned correctly, tighten the scope ring screws to secure the scope in place.

4. Final Checks:

- Doublecheck all screws and connections to ensure they are tightened properly.

- Perform a visual inspection to confirm that the setup is secure and stable.

Disposal Instructions

- When disposing of the MDT Elite Scope Rings, please follow these guidelines:
 - Do not dispose of the product in regular household waste.
 - Check local regulations for proper disposal methods for aluminum and other materials.
 - Consider recycling the scope rings through a local recycling program if available.

Contact Information for Further Support

For any questions or concerns regarding the MDT Elite Scope Rings, please refer to the contact information provided by the manufacturer. It is important to reach out for support to ensure safety and proper use of your product.

Thank you for your attention to these safety instructions. Enjoy using your MDT Elite Scope Rings and ensure a safe and enjoyable shooting experience.
