

Elite Scope Rings, 35mm tube diameter - MDT Accessories - Scope Rings - Elite - 35mm - Medium (1.00in) - BLK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

The MDT Elite Scope Rings offer a solid, lightweight mounting system for your optics. Built-in bubble level. MDT Precision Scope Rings are designed and manufactured to STANAG 4694 specification, also known as "NATO spec". This means the scope ring sits tight to the top of the scope base rail, with pressure being applied to the underside of the angled rail surfaces to maintain a solid interface. This design also allows mounting on out-of-spec rails.

MDT Elite Scope Rings Safety Instruction Guide

Introduction

Thank you for choosing the MDT Elite Scope Rings. These scope rings are designed to provide a secure and reliable mounting solution for your optics. This safety instruction guide is designed to help you understand how to safely use, install, and dispose of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the scope rings are compatible with your scope and mounting system before use.
- Always inspect the scope rings for any visible damage before installation.
- Do not exceed the manufacturer's specified weight limits for mounted optics.
- Keep the product out of reach of children to avoid potential hazards.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the scope rings are securely tightened to prevent any movement during use.
- Avoid using the scope rings in extreme weather conditions that may affect their performance.
- Regularly check the tightness of the scope rings, especially after heavy use or transport.
- Use caution when handling tools during installation to prevent injury.
- Follow all manufacturer guidelines to avoid voiding the warranty.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure that your scope and rifle are clean and free from debris.

2. Installation:

- Place the MDT Elite Scope Rings onto the scope base rail.
- Align the rings so that they are evenly spaced and level with the scope.
- Insert and handtighten the screws to hold the rings in place.
- Use a torque wrench to securely tighten the screws to the manufacturer's specified torque settings.

3. Usage:

- Once installed, mount your scope onto the rings and ensure that it is level.
- Adjust the scope as needed for your shooting preferences.
- Regularly check the alignment and tightness of the scope rings during use.

Disposal Instructions

- Dispose of the MDT Elite Scope Rings in accordance with local regulations.
- Do not dispose of the product in household waste.
- Check with local waste management services for appropriate disposal methods for aluminum and other materials.

Contact Information for Further Support

For any safety inquiries or additional support regarding the MDT Elite Scope Rings, please refer to the manufacturer's contact information or visit the official website.

Thank you for following these safety instructions. Proper use and care of your MDT Elite Scope Rings will help ensure a safe and enjoyable experience.
