

Elite Scope Rings, 35mm tube diameter - MDT Accessories - Scope Rings - Elite - 35mm - X-High (1.50in) - BLK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

The MDT Elite Scope Rings offer a solid, lightweight mounting system for your optics. Built-in bubble level. MDT Precision Scope Rings are designed and manufactured to STANAG 4694 specification, also known as "NATO spec". This means the scope ring sits tight to the top of the scope base rail, with pressure being applied to the underside of the angled rail surfaces to maintain a solid interface. This design also allows mounting on out-of-spec rails.

MDT Elite Scope Rings Safety Instruction Guide

Introduction

Thank you for choosing the MDT Elite Scope Rings. These scope rings are designed to provide a reliable and secure mounting solution for your optics. This guide outlines essential safety information, installation instructions, and proper usage to ensure your safety and the optimal performance of the product.

General Safety Guidelines

- Always ensure that the scope rings are compatible with your optics and firearm before installation.
- Inspect the scope rings for any damage or defects before use. Do not use damaged products.
- Keep the scope rings out of reach of children and vulnerable individuals.
- Follow all local laws and regulations regarding the use of optical equipment and firearms.
- Store the scope rings in a dry, cool place to prevent corrosion and damage.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the mounting surface is clean and free of debris before installation.
- Do not exceed the recommended torque specifications when tightening the scope rings to avoid damaging your equipment.
- Avoid using the scope rings in extreme temperatures or conditions that may affect their integrity.
- Be cautious when adjusting optics mounted on the scope rings, as improper handling may lead to misalignment or damage.
- If using the scope rings in a tactical environment, ensure they are securely mounted to prevent accidental dislodgment.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including a torque wrench and appropriate screws.
- Ensure that the mounting surface on your firearm is clean and free of debris.

2. Installation Steps

- Align the MDT Elite Scope Rings with the mounting base on your firearm.
- Carefully position the scope within the rings, ensuring it is level and properly aligned.
- Secure the scope rings by tightening the screws gradually. Follow these torque specifications:
 - Base Screws: [Insert recommended torque value]
 - Ring Screws: [Insert recommended torque value]
- Check the alignment of the scope after tightening to ensure it remains level.

3. Usage

- Once installed, test the scope rings by gently adjusting the optics to ensure stability.
- Regularly check the tightness of the screws during use, especially after heavy use or transportation.

Disposal Instructions

- Dispose of packaging materials responsibly, following local recycling guidelines.
- If the product reaches the end of its life, dispose of it in accordance with local waste disposal regulations.

Do not dispose of in regular household waste.

Contact Information for Further Support

For any safety inquiries or support regarding your MDT Elite Scope Rings, please reach out to the designated EU-based contact point provided with your product packaging or documentation.

Thank you for your attention to these safety instructions. Proper use and adherence to these guidelines will help ensure a safe and enjoyable experience with your MDT Elite Scope Rings.
