

## Premier Scope Rings, 1" / 25,4 mm tube diameter - MDT Accessories - Scope Rings - Premier - 25.44mm - Medium (1.00in) - BLK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

The MDT Premier Scope Rings offer a solid mounting system for your optics. Made from precision machined aluminium, these rings are available for the majority of scope sizes and required heights. CMM checked to 1.5 millionths of an inch precision. MDT Premier Scope Rings are designed and manufactured to STANAG 4694 specification, also known as "NATO spec". This means the scope ring sits tight to the top of the scope base rail, with pressure being applied to the underside of the angled rail surfaces to maintain a solid interface. This design also allows mounting on out-of-spec rails.

# MDT Premier Scope Rings Safety Instructions

## Introduction

Thank you for choosing the MDT Premier Scope Rings. These scope rings are designed to provide a secure and reliable mounting solution for your optics. To ensure safe usage and optimal performance, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose, which is to mount optical devices securely.
- Always inspect the scope rings for any damage or wear before each use.
- Follow all instructions provided in this guide to minimize risks associated with improper installation or use.
- Keep the product out of reach of children and vulnerable groups to prevent accidents.
- Report any unsafe products or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Installation Safety:**
  - Ensure the mounting surface is clean and free from debris before installation.
  - Do not exceed the recommended torque specifications when tightening screws to avoid damaging the scope rings or the scope.
- **Usage Safety:**
  - Regularly check the tightness of the scope rings during use, especially after heavy recoil or extended periods of use.
  - Avoid using the scope rings with incompatible scope sizes or weights that exceed the product specifications.
- **Environmental Safety:**
  - Store the scope rings in a dry, cool place to prevent corrosion or damage.
  - Avoid exposing the scope rings to extreme temperatures or harsh chemicals that may compromise their integrity.

## Instructions for Installation and Usage

### 1. Installation Steps:

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Place the scope rings onto the mounting rail of your firearm.
- Align the scope rings with the desired position for your scope.
- Insert and handtighten the screws into the scope rings.
- Use a torque wrench to tighten the screws to the manufacturer's recommended torque specifications.
- Doublecheck the alignment and tightness of the rings.

### 2. Usage Steps:

- Once installed, carefully mount your scope into the rings.
- Ensure that the scope is level and securely seated in the rings.

- Tighten the scope ring screws to secure the scope, ensuring it is not overly tightened to prevent damage.

### **3. PostInstallation Checks:**

- After installation, perform a visual inspection to ensure everything is securely in place.
- Test the scope's functionality to confirm proper alignment and stability.

## **Disposal Instructions**

- Dispose of the MDT Premier Scope Rings according to local regulations for aluminum products.
- Do not dispose of the product in general waste; recycle where possible.
- Ensure that all components are disposed of in a manner that does not pose a risk to the environment.

## **Contact Information for Further Support**

For further information regarding safety inquiries or additional support, please refer to the manufacturer's contact details provided with your product packaging or on the official website.

Thank you for prioritizing safety and performance with the MDT Premier Scope Rings. Enjoy your shooting experience!
