

# Premier Scope Rings, 30 mm tube diameter - MDT Accessories - Scope Rings - Premier - 30mm - X-High (1.50in) - BLK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

The MDT Premier Scope Rings offer a solid mounting system for your optics. Made from precision machined aluminium, these rings are available for the majority of scope sizes and required heights. CMM checked to 1.5 millionths of an inch precision. MDT Premier Scope Rings are designed and manufactured to STANAG 4694 specification, also known as "NATO spec". This means the scope ring sits tight to the top of the scope base rail, with pressure being applied to the underside of the angled rail surfaces to maintain a solid interface. This design also allows mounting on out-of-spec rails.

# MDT Premier Scope Rings Safety Instruction Guide

## Introduction

Thank you for choosing the MDT Premier Scope Rings. These rings provide a reliable and secure mounting solution for your optics. This guide is designed to ensure your safety and the optimal performance of the product. Please read it carefully before installation and use.

## General Safety Guidelines

- Always inspect the scope rings for any damage before use.
- Ensure that the mounting system is compatible with your scope and rifle.
- Follow all local laws and regulations regarding the use of firearms and accessories.
- Store the scope rings in a cool, dry place away from direct sunlight.
- Keep the product out of reach of children and unauthorized users.

## Specific Safety Precautions for Use

- Do not exceed the weight limit specified by the manufacturer for the scope and accessories mounted on the rings.
- Avoid using the scope rings in extreme environmental conditions (e.g., excessive heat, moisture, or cold) that could compromise their integrity.
- Ensure that the scope rings are tightened to the manufacturer's specifications to prevent any movement during use.
- Regularly check the tightness of the rings after installation and before each use, especially after transportation.
- If you notice any signs of wear or damage, discontinue use immediately and contact the manufacturer for guidance.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure you have a clean, flat workspace to prevent losing small parts.

### 2. Installation:

- Place the scope base rail on a stable surface.
- Align the MDT Premier Scope Rings with the base rail, ensuring they fit securely.
- Insert the screws through the rings into the rail and tighten them gently.
- Use a torque wrench to tighten the screws to the specified torque (consult the product manual for exact specifications).
- Mount your scope into the rings and adjust its position as needed for eye relief.
- Tighten the scope ring screws to secure the scope in place.

### 3. Usage:

- After installation, perform a function check to ensure the scope is securely mounted.
- Test the setup at the range to confirm proper alignment and functionality.
- Make any necessary adjustments to the scope settings while following the manufacturer's instructions.

## **Disposal Instructions**

- Dispose of the MDT Premier Scope Rings in accordance with local regulations.
- If the product is damaged or no longer usable, consider recycling the aluminum material where possible.
- Do not dispose of the product in household waste if it can be recycled.

## **Contact Information for Further Support**

For any questions or concerns regarding the MDT Premier Scope Rings, please refer to the manufacturer's contact information provided on the product packaging or visit the official website for additional resources.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy using your MDT Premier Scope Rings responsibly!
