

CLEANING ROD STAINLESS STEEL - FOR CAL. 4-5.5MM - Cleaning Rod Stainless Steel, 740mm - for Cal. 4-5.5mm

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

The cleaning rods are made of stainless steel (Power-Line Profi) or a lighter aluminum alloy (Fun-Line Sport) with a non-slip and ergonomic polyamide handle. This contains two maintenance-free and smooth-running ball bearings, so that the VFG barrel cleaner screwed onto the adapter can follow the movements during the cleaning process.

Depending on the application, we recommend the 1- or 3-part cleaning rod. The advantage of the one-piece design is the stability - the three-piece impresses with its compact design, e.g. on the go. The three-part design can be used universally for long and short weapons and therefore offers an additional benefit.

Safety Instruction Guide for CLEANING ROD STAINLESS STEEL FOR CAL. 4-5.5MM

Introduction

Thank you for choosing the CLEANING ROD STAINLESS STEEL FOR CAL. 4-5.5MM. This guide provides essential safety instructions to ensure the safe and effective use of the cleaning rod. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that the cleaning rod is used only for its intended purpose.
- Always handle the cleaning rod with care to prevent injury.
- Keep the cleaning rod out of reach of children and vulnerable individuals.
- Inspect the cleaning rod for any damage before each use. Do not use if damaged.
- Follow all local regulations regarding the use and maintenance of cleaning equipment.

Specific Safety Precautions for Use

- Use the cleaning rod only with firearms that match the specified caliber of 4-5.5mm.
- Do not exceed the recommended cleaning rod length of 740mm.
- Always ensure that the firearm is unloaded before using the cleaning rod.
- Avoid using excessive force during cleaning to prevent damage to the firearm or the cleaning rod.
- Wear appropriate eye protection while cleaning firearms to prevent injury from debris.

Instructions for Installation and Usage

1. Preparing for Use:

- Ensure that the firearm is completely unloaded.
- Select the appropriate caliber cleaning rod for your firearm.

2. Attaching the Adapter:

- Screw the VFG barrel cleaner onto the adapter with the internal thread M2.5.
- Ensure a secure fit to prevent detachment during use.

3. Using the Cleaning Rod:

- Insert the cleaning rod into the barrel of the firearm gently.
- Use a smooth, steady motion to clean the barrel, allowing the ball bearings to assist in the cleaning process.
- For onepiece rods, maintain stability; for threepiece rods, ensure all segments are properly connected and secured.

4. PostCleaning Procedure:

- After cleaning, remove the cleaning rod and any attached accessories.
- Wipe the cleaning rod with a dry cloth and store it in a safe place.

Disposal Instructions

- Dispose of the cleaning rod in accordance with local regulations.

- If the cleaning rod is damaged beyond repair, ensure it is disposed of safely to prevent injury.

Contact Information for Further Support

For any safety inquiries or further support regarding the CLEANING ROD STAINLESS STEEL FOR CAL. 4-5.5MM, please refer to the contact information provided on the product packaging or visit the manufacturer's website.

By following these guidelines, you can ensure a safe and effective cleaning process for your firearm. Thank you for your attention to safety.
