

CLEANING ROD STAINLESS STEEL - FOR CAL. 4-5.5MM - Cleaning Rod Stainless Steel, 280mm - for Cal. 4-5.5mm

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

The cleaning rods are made of stainless steel (Power-Line Profi) or a lighter aluminum alloy (Fun-Line Sport) with a non-slip and ergonomic polyamide handle. This contains two maintenance-free and smooth-running ball bearings, so that the VFG barrel cleaner screwed onto the adapter can follow the movements during the cleaning process.

Depending on the application, we recommend the 1- or 3-part cleaning rod. The advantage of the one-piece design is the stability - the three-piece impresses with its compact design, e.g. on the go. The three-part design can be used universally for long and short weapons and therefore offers an additional benefit.

Safety Instruction Guide for CLEANING ROD STAINLESS STEEL FOR CAL. 4-5.5MM

Introduction

Thank you for choosing the CLEANING ROD STAINLESS STEEL FOR CAL. 4-5.5MM. This guide provides important safety instructions and usage information to ensure your safety and the effective operation of the cleaning rod. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that the cleaning rod is used only for its intended purpose, specifically for cleaning firearms with calibers ranging from 4 to 5.5mm.
- Inspect the cleaning rod before each use for any signs of damage or wear. Do not use if damaged.
- Keep the cleaning rod out of reach of children and pets to prevent accidents.
- Always use the cleaning rod in a wellventilated area to avoid inhaling any cleaning agents or residues.
- Follow all local laws and regulations regarding firearm cleaning and maintenance.

Specific Safety Precautions for Use

- Always wear safety goggles when using the cleaning rod to protect your eyes from debris.
- Use the cleaning rod with caution to avoid injury from sharp edges or points.
- Do not force the cleaning rod into the barrel; it should move smoothly without resistance.
- Ensure that the firearm is unloaded and in a safe condition before using the cleaning rod.
- Avoid using excessive force when cleaning to prevent damage to the firearm or the cleaning rod.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is completely unloaded and in a safe condition.
- Gather all necessary cleaning supplies, including cleaning solvents and patches.

2. Attaching the Adapter

- Screw the VFG barrel cleaner onto the adapter securely.
- Ensure that the adapter is properly attached to the cleaning rod.

3. Using the Cleaning Rod

- Insert the cleaning rod into the barrel of the firearm gently.
- Move the cleaning rod back and forth to clean the barrel, allowing the ball bearings to assist in smooth movement.
- After cleaning, remove the cleaning rod and inspect for any debris.

4. Cleaning and Maintenance of the Cleaning Rod

- After each use, wipe down the cleaning rod with a soft cloth to remove any residues.
- Store the cleaning rod in a dry place to prevent corrosion.

Disposal Instructions

- Dispose of the cleaning rod responsibly at the end of its life cycle.

- Do not dispose of it in regular household waste. Instead, follow local regulations for disposing of metal products.

Contact Information for Further Support

For any safety inquiries or additional support regarding the CLEANING ROD STAINLESS STEEL FOR CAL. 4-5.5MM, please refer to the contact details provided by your retailer or manufacturer.

By following these safety instructions, you can ensure a safe and effective experience while using the CLEANING ROD STAINLESS STEEL FOR CAL. 4-5.5MM. Thank you for your attention to safety.
