

ESS Chassis System Kit Remington 700 LA RH Bronze

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

Ultimate ergonomics and features! ESS Chassis System Kit includes a 15" forend, an adjustable buttstock and an AR pistol grip, only a magazine should be purchased separately.

- The buttstock is fully adjustable including lateral adjustment for the butt-pad and the cheek rest. Cheek rest height and butt-pad length-of-pull are adjustable by thumb wheels.
- V-block bedding system to form a solid and reliable base for the rifle action.
- The magazine well has been refined for easy insertion of the magazine.
- Ambidextrous, easy reach magazine latch – can be operated with trigger finger or left hand.
- Barricade stop in front of the magazine to prevent putting pressure on the magazine.
- Compatible with all non-beavertail AR pattern pistol grips. Beavertail grips will fit with minor trimming.

MDT ESS Chassis System Kit Remington 700

Safety Instruction Guide

Introduction

Thank you for choosing the MDT ESS Chassis System Kit for your Remington 700. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this document carefully before installation and use.

General Safety Guidelines

- Always handle the chassis system with care to avoid injury.
- Ensure that the product is used in accordance with the manufacturer's specifications.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the chassis system for any signs of wear or damage.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about recall updates via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Before using the chassis system, ensure that it is properly installed on your rifle.
- Avoid using the chassis system in adverse weather conditions that may compromise safety.
- Be mindful of your surroundings when handling the rifle equipped with the chassis system.
- Use only compatible accessories and components with the MDT ESS Chassis System Kit.
- Ensure that the magazine is securely inserted before handling the rifle.
- Do not attempt to modify the chassis system, as this may lead to safety hazards.

Instructions for Installation and Usage

1. Installation of the Chassis System:

- Ensure that the rifle is unloaded and pointed in a safe direction.
- Remove the original stock from the Remington 700.
- Align the rifle action with the Vblock bedding system in the chassis.
- Secure the action using the provided screws, ensuring they are tightened to the manufacturer's specifications.
- Attach the adjustable buttstock and ensure it is locked in place.
- Install the AR pistol grip according to the manufacturer's instructions.
- Check that all components are securely fastened before use.

2. Usage Instructions:

- Adjust the buttstock to your preferred length of pull using the thumb wheels for height and length adjustments.
- Make lateral adjustments to the butt pad and cheek rest to ensure a comfortable shooting position.
- Familiarize yourself with the ambidextrous magazine latch for easy access.
- Use the barricade stop to stabilize the rifle when necessary.
- Always wear appropriate safety gear, including eye and ear protection, when shooting.

Disposal Instructions

- Dispose of the chassis system in accordance with local regulations.
- Do not dispose of the chassis in regular household waste.

- Consider recycling options for aluminum materials when applicable.

Contact Information for Further Support

For further support or inquiries regarding safety, please refer to the manufacturer's contact details provided with your product packaging.

By following these safety instructions, you ensure not only your safety but also the safety of those around you while using the MDT ESS Chassis System Kit. Thank you for your attention to these important guidelines.
