

ESS Chassis System Kit Remington 700 - MDT Chassis - ESS System - Remington 700 - LA - LH - RED

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

Ultimate ergonomics and features also for left-handed actions! ESS Chassis System Kit includes a 15" forend, an adjustable buttstock and an AR pistol grip, only a magazine should be purchased separately.

- The buttstock is fully adjustable including lateral adjustment for the butt-pad and the cheek rest. Cheek rest height and butt-pad length-of-pull are adjustable by thumb wheels.
- V-block bedding system to form a solid and reliable base for the rifle action.
- The magazine well has been refined for easy insertion of the magazine.
- Ambidextrous, easy reach magazine latch – can be operated with trigger finger or left hand.
- Barricade stop in front of the magazine to prevent putting pressure on the magazine.
- Compatible with all non-beavertail AR pattern pistol grips. Beavertail grips will fit with minor trimming.

MDT ESS Chassis System Kit Safety Instruction Guide

Introduction

Welcome to the safety instruction guide for the MDT ESS Chassis System Kit designed for the Remington 700. This guide provides essential safety information, general guidelines, and specific precautions to ensure the safe and effective use of the product. Please read this guide carefully before using the MDT ESS Chassis System Kit.

General Safety Guidelines

- Always handle firearms and firearm accessories with care and respect.
- Ensure that the area where you are using the product is safe and free from hazards.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of damage or wear.
- Do not modify the product in any way that could affect its safety or performance.
- Follow all local laws and regulations regarding firearms and firearm accessories.
- In case of an emergency or accident, seek immediate assistance and report the incident to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the weapon is unloaded before attaching or detaching the chassis system.
- Use the adjustable buttstock and cheek rest features to ensure a proper fit and comfortable shooting position.
- Be cautious when adjusting the lateral adjustment for the buttpad and cheek rest to avoid pinching fingers.
- Always use the magazine well as intended and ensure the magazine is properly seated before firing.
- Do not apply excessive pressure on the magazine or barricade stop during use.
- When using ambidextrous features, ensure that you are familiar with the operation for both righthanded and lefthanded use.
- If using beavertail grips, ensure that minor trimming is done safely and without compromising the integrity of the grip.

Instructions for Installation and Usage

1. Installation

- Unbox the MDT ESS Chassis System Kit and ensure all components are present.
- Place the chassis system on a stable surface.
- Align the chassis with the Remington 700 action and ensure proper fit.
- Secure the chassis to the action using the provided hardware as per the manufacturer's guidelines.
- Adjust the buttstock and cheek rest to your preferred settings.

2. Usage

- Before using the firearm, ensure it is unloaded and pointed in a safe direction.
- Insert the magazine into the magazine well until it clicks into place.
- Adjust the buttstock lengthofpull and cheek rest height as needed for comfort.
- When ready to fire, ensure a proper grip on the AR pistol grip and maintain a stable stance.
- After use, remove the magazine and ensure the firearm is unloaded before storing.

Disposal Instructions

- Dispose of the MDT ESS Chassis System Kit in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling components where possible to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the MDT ESS Chassis System Kit, please refer to the manufacturer's contact information provided with the product packaging. Ensure that you reach out to an EUbased contact for safety inquiries.

Conclusion

The MDT ESS Chassis System Kit is designed to enhance the ergonomics and functionality of your Remington 700. By following the safety guidelines and instructions outlined in this guide, you can ensure a safe and enjoyable experience. Always prioritize safety and be aware of your surroundings when handling firearms and accessories. Thank you for choosing the MDT ESS Chassis System Kit.
