

# ACC Chassis System Kit CZ 455, 457 - MDT ACC Chassis System CZ 457 22LR, 17 HMR RH Gray

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

The ACC (Adjustable Core Competition) Chassis was created with an integrated weight management system, allowing shooters to fine tune the weight and balance point of the rifle. The adjustability comes from a series of weights that can be added to either the buttstock, interior forend or exterior forend. It's original weight of 2,7 kg transforms into a maximum of 5,6 kg (chassis only - add on your action, barrel, scope and accessories and most shooters are pushing 12-14 kg in the ACC).

NO IMAGE  
AVAILABLE

- 17" of available ARCA/RRS dovetail, with retention screw so that accessories don't fall off mid-stage.
- Comes with the MDT Elite Grip.
- Uses MDT's proprietary XTN buttstock interface (adjustable stock included).
- Compatible with AICS style magazines (sold separately).
- Interior forend weights, exterior M-Lok weights and buttstock weights available.

# MDT ACC Chassis System Kit Safety Instructions

## Introduction

Thank you for choosing the MDT ACC Chassis System Kit for your CZ 455, 457 rifle. This guide provides important safety information, installation instructions, and usage precautions to ensure your safety and the proper functioning of your product. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle firearms with care and treat every firearm as if it is loaded.
- Store the chassis system and any associated equipment in a secure location, away from children and unauthorized users.
- Regularly inspect the chassis system for any signs of damage or wear before use.
- Always wear appropriate safety gear, including eye and ear protection, when using the product.
- Be aware of your surroundings and ensure a safe shooting environment.
- Familiarize yourself with local laws and regulations regarding firearm usage and modifications.

## Specific Safety Precautions for Use

- Do not exceed the maximum weight limit of 5.6 kg for the chassis system alone. Adding your action, barrel, scope, and accessories may increase the total weight to 1214 kg.
- Ensure that all weights are securely attached to the chassis system to prevent them from falling off during use.
- Use only compatible AICS style magazines to avoid malfunction.
- When adjusting the weights, do so in a safe environment, ensuring the rifle is pointed in a safe direction.
- Keep fingers and other body parts clear of moving parts during adjustments to avoid injury.
- If you experience any malfunctions or unusual behavior from the chassis system, cease use immediately and consult a qualified gunsmith or the manufacturer.

## Instructions for Installation and Usage

### 1. Installation of Weights:

- Identify the desired location for weight adjustment (buttstock, interior forend, or exterior forend).
- Ensure the rifle is unloaded and pointed in a safe direction.
- Loosen the retention screws using the appropriate tool.
- Add or remove weights as necessary to achieve the desired balance.
- Secure the weights by tightening the retention screws firmly but do not overtighten.

### 2. Mounting Accessories:

- Utilize the 17" ARCA/RRS dovetail for mounting accessories.
- Ensure that all accessories are compatible with the dovetail system.
- Tighten retention screws on accessories to prevent them from loosening during use.

### 3. Using the MDT Elite Grip:

- Ensure the grip is securely attached to the chassis system.
- Adjust the grip position if necessary for comfort and control.

### 4. Using the Adjustable Stock:

- Adjust the stock to your preferred length of pull.
- Ensure that the stock is locked in place before firing.

#### **5. Routine Maintenance:**

- Clean the chassis system regularly to prevent buildup of dirt and debris.
- Inspect all components for wear and tear, replacing any damaged parts immediately.

## **Disposal Instructions**

- Dispose of the chassis system and any associated components in accordance with local regulations.
- Do not dispose of any product parts in regular household waste.
- If you are unsure about the disposal process, contact your local waste management authority for guidance.

## **Contact Information for Further Support**

For any questions or concerns regarding the MDT ACC Chassis System Kit, please contact your local retailer or the manufacturer directly. They will provide you with the necessary support and information regarding your product.

Please ensure that you keep this safety instruction guide in a safe place for future reference. Always prioritize safety when handling firearms and their accessories. Your safety and the safety of others depend on responsible use and maintenance of your equipment.
