The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

The ACC (Adjustable Core Competition) Chassis was created with an integrated weight management system, allowing shooters to fine tune the weight and balance point of the rifle. The adjustability comes from a series of weights that can be added to either the buttstock, interior forend or exterior forend. It's original weight of 2,7 kg transforms into a maximum of 5,6 kg (chassis only - add on your action, barrel, scope and accessories and most shooters are pushing 12-14 kg in the ACC).

# MDT ACC Chassis System Kit CZ 455, 457 Safety Instruction Guide

## Introduction

Thank you for choosing the MDT ACC Chassis System Kit for your CZ 455 and CZ 457 rifles. This guide provides essential safety instructions and guidelines to ensure the safe and proper use of your product. Please read this guide carefully before using the chassis system.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your rifle and its components before using the MDT ACC Chassis System.
- Always treat your firearm as if it is loaded. Keep the muzzle pointed in a safe direction at all times.
- Store the chassis system and your firearm in a secure location, out of reach of children and unauthorized users.
- Regularly inspect your chassis system and rifle for any signs of wear or damage. Do not use if damaged.
- Always wear appropriate safety gear, including eye and ear protection, when operating your rifle.
- Follow all local laws and regulations regarding the use of firearms.

## Specific Safety Precautions for Use

- **Weight Management:** The ACC chassis features an integrated weight management system. Ensure that any additional weights are securely fastened to avoid accidents during use.
- **Compatibility:** This chassis is compatible with AICS style magazines. Ensure you are using the correct magazine type to avoid malfunctions.
- **Adjustability:** When adjusting the weights or the MDT Elite Grip, make sure the rifle is unloaded and pointed in a safe direction.
- **Installation of Accessories:** When attaching accessories to the ARCA/RRS dovetail, ensure that the retention screw is tightened to prevent accessories from falling off during use.
- **Hand Orientation:** This chassis is designed for righthanded shooters. Ensure proper handling to avoid accidents.

## Instructions for Installation and Usage

### Installation

1. **Prepare Your Workspace:** Ensure you are in a clean, welllit area with all necessary tools at hand.
2. **Remove the Existing Stock:** Carefully detach the original stock from your CZ 455 or CZ 457 rifle.
3. **Attach the MDT ACC Chassis:**
  - Align the action of your rifle with the chassis.
  - Securely fasten the action to the chassis using the provided screws.
4. **Add Weights:**
  - Choose the desired weights for the buttstock, interior forend, or exterior forend.
  - Securely attach the weights to the appropriate locations on the chassis.
5. **Install the MDT Elite Grip:**
  - Follow the included instructions to attach the grip securely.

### Usage

- Always ensure your rifle is unloaded before handling or adjusting the chassis system.
- When adjusting the weight management system, do so in a safe environment.
- Practice shooting with the chassis system to familiarize yourself with its balance and handling characteristics.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local waste management regulations.
- If you need to dispose of the chassis system, check with local authorities for proper disposal methods for aluminum and other materials.
- Ensure that any components that may contain hazardous materials are disposed of safely.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or support with your MDT ACC Chassis System Kit, please refer to the official MDT website or contact your local authorized dealer.

Thank you for your attention to these safety instructions. Enjoy your shooting experience with the MDT ACC Chassis System!
