

ACC Chassis System Kit Remington 700 - MDT ACC Chassis System Remington 700 LA RH White

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

The ACC (Adjustable Core Competition) Chassis was created with an integrated weight management system, allowing shooters to fine tune the weight and balance point of the rifle. The adjustability comes from a series of weights that can be added to either the buttstock, interior forend or exterior forend. It's original weight of 2,7 kg transforms into a maximum of 5,6 kg (chassis only - add on your action, barrel, scope and accessories and most shooters are pushing 12-14 kg in the ACC).

NO IMAGE
AVAILABLE

- 17" of available ARCA/RRS dovetail, with retention screw so that accessories don't fall off mid-stage.

MDT ACC Chassis System Kit Remington 700

Safety Instructions

Introduction

Thank you for choosing the MDT ACC Chassis System Kit for your Remington 700. This guide provides essential safety instructions to ensure the safe use and installation of your product. Please read all sections carefully before using the chassis system.

General Safety Guidelines

- Always ensure that the firearm is unloaded before handling or installing the chassis system.
- Keep the chassis system and all components out of reach of children and unauthorized users.
- Inspect the chassis system regularly for any signs of wear or damage. Do not use if damaged.
- Ensure you are familiar with the operation and handling of firearms before using the MDT ACC Chassis System.
- Follow all local laws and regulations regarding firearm modifications and usage.
- In case of any doubt regarding the safety of the product, consult a qualified professional.

Specific Safety Precautions for Use

- Use only compatible AICS style magazines with the MDT ACC Chassis System.
- Ensure that the weight management system is properly adjusted to avoid imbalance during use.
- Do not exceed the maximum recommended weight of 5.6 kg for the chassis alone. Additional components may increase the total weight significantly.
- Be cautious when adding or removing weights from the chassis, as improper adjustments may affect stability.
- Always secure accessories using the retention screw to prevent them from falling off during use.
- Ensure that the MDT Elite Grip is properly installed and secured before use.
- Familiarize yourself with the MDT's proprietary XTN buttstock interface to ensure proper installation and adjustment.

Instructions for Installation and Usage

1. Preparation:

- Ensure you have all components of the MDT ACC Chassis System and any necessary tools for installation.
- Read through all instructions before beginning the installation process.

2. Installation:

- Remove the existing stock from your Remington 700 by following the manufacturer's instructions.
- Align the MDT ACC Chassis System with the action of the firearm and secure it using the provided screws.
- Install the MDT Elite Grip by following the specific instructions included with the grip.
- Adjust the XTN buttstock interface according to your comfort and preference.

3. Weight Management:

- To adjust the weight, add or remove weights from the buttstock, interior forend, or exterior forend as needed.
- Ensure all weights are securely fastened to prevent them from loosening during use.

4. Final Checks:

- After installation, perform a thorough check to ensure everything is properly secured.
- Test the stability and balance of the chassis system before taking it to the range.

Disposal Instructions

- Dispose of the MDT ACC Chassis System and any components in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, check for designated recycling centers or hazardous waste disposal sites.

Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the official MDT website or contact your local dealer for support.

By following these safety instructions, you can ensure a safe and enjoyable experience with your MDT ACC Chassis System Kit. Always prioritize safety and responsible firearm handling.
