

# ACC Chassis System Kit Remington 700 - MDT ACC Chassis System Remington 700 SA RH Bronze

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

The ACC (Adjustable Core Competition) Chassis was created with an integrated weight management system, allowing shooters to fine tune the weight and balance point of the rifle. The adjustability comes from a series of weights that can be added to either the buttstock, interior forend or exterior forend. It's original weight of 2,7 kg transforms into a maximum of 5,6 kg (chassis only - add on your action, barrel, scope and accessories and most shooters are pushing 12-14 kg in the ACC).

NO IMAGE  
AVAILABLE

- 17" of available ARCA/RRS dovetail, with retention screw so that accessories don't fall off mid-stage.
- Comes with the MDT Elite Grip.
- Uses MDT's proprietary XTN buttstock interface (adjustable stock included).
- Compatible with AICS style magazines (sold separately).
- Interior forend weights, exterior M-Lok weights and buttstock weights available.

# MDT ACC Chassis System Kit Safety Instructions

## Introduction

Thank you for choosing the MDT ACC Chassis System Kit for your Remington 700. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your chassis system. Please read this document carefully before installation and use.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in the product specifications.
- Always handle firearms with care and respect, following all local laws and regulations regarding firearm safety.
- Store the chassis system and any associated components in a secure location, away from children and unauthorized users.
- Regularly inspect the chassis system for signs of wear or damage. Do not use if any components are damaged or missing.
- Ensure that all accessories and attachments are securely fastened before use to prevent accidents during operation.
- Be aware of your surroundings and ensure that the shooting area is safe and free of obstructions.

## Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when using firearms equipped with the MDT ACC Chassis System.
- Do not exceed the maximum weight limit of 5.6 kg for the chassis alone, as exceeding this may affect balance and control.
- When adjusting weights on the chassis, ensure that all weights are securely attached and that the adjustments do not interfere with the operation of the rifle.
- Be cautious of the rifle's balance when adding or removing weights, as improper adjustments can lead to instability during use.
- If using the chassis in a competitive environment, familiarize yourself with the specific rules and regulations of the event regarding equipment specifications.

## Instructions for Installation and Usage

### 1. Installation of the Chassis System:

- Remove the existing stock from the Remington 700 rifle.
- Align the action of the rifle with the MDT ACC Chassis System.
- Securely attach the action to the chassis using the provided screws and tools.
- Ensure that the chassis is properly aligned and that there is no movement between the action and the chassis.

### 2. Weight Adjustment:

- Identify the desired weight configuration for your shooting preferences.
- Add or remove weights from the buttstock, interior forend, or exterior forend as needed.
- Use the retention screws to secure the weights in place to prevent them from shifting during use.

### 3. Accessory Attachment:

- Utilize the 17" ARCA/RRS dovetail for attaching accessories.
- Ensure that all accessories are securely fastened with retention screws to avoid accidental

detachment during use.

#### **4. Final Check:**

- Before using the rifle, conduct a final inspection to ensure all components are securely fastened and that there are no loose parts.
- Confirm that the rifle is in safe working condition and that all safety features are functioning properly.

## **Disposal Instructions**

- Dispose of the MDT ACC Chassis System and any associated components in accordance with local regulations.
- If the product is damaged or no longer usable, ensure that it is disposed of in a manner that prevents unauthorized use or access.

## **Contact Information for Further Support**

For any questions or concerns regarding the MDT ACC Chassis System, please refer to the manufacturer's contact details provided with your product packaging.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your MDT ACC Chassis System Kit for the Remington 700. Always prioritize safety and responsibility when handling and using firearms.
