

# ACC Chassis System Kit Remington 700 - MDT ACC Chassis System Remington 700 SA RH Gray

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

The ACC (Adjustable Core Competition) Chassis was created with an integrated weight management system, allowing shooters to fine tune the weight and balance point of the rifle. The adjustability comes from a series of weights that can be added to either the buttstock, interior forend or exterior forend. Its original weight of 2,7 kg transforms into a maximum of 5,6 kg (chassis only - add on your action, barrel, scope and accessories and most shooters are pushing 12-14 kg in the ACC).

NO IMAGE  
AVAILABLE

- 17" of available ARCA/RRS dovetail, with retention screw so that accessories don't fall off mid-stage.
- Comes with the MDT Elite Grip.
- Uses MDT's proprietary XTN buttstock interface (adjustable stock included).
- Compatible with AICS style magazines (sold separately).
- Interior forend weights, exterior M-Lok weights and buttstock weights available.

# MDT ACC Chassis System Safety Instruction Guide

## Introduction

Thank you for choosing the MDT ACC Chassis System Kit for your Remington 700. This guide provides essential safety instructions to ensure the safe and effective use of your chassis system. Please read and follow these guidelines carefully.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the chassis system out of reach of children and vulnerable individuals.
- Regularly inspect the chassis for any signs of wear or damage before use.
- Always follow local laws and regulations regarding firearm use and storage.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Weight Management:** Be cautious when adding weights to the chassis. Ensure that the total weight does not exceed the recommended maximum of 5.6 kg for the chassis alone, as exceeding this can affect balance and handling.
- **Accessory Retention:** Always check that accessories attached via the ARCA/RRS dovetail are secure before use, especially during active shooting stages.
- **Proper Handling:** Handle the rifle with care, ensuring the safety is engaged when not in use. Always treat the firearm as if it is loaded.
- **Compatibility:** Use only AICS style magazines that are compatible with the chassis system. Ensure they are properly seated before firing.
- **Installation of Weights:** Follow the manufacturer's instructions when installing interior forend weights, exterior Mlok weights, and buttstock weights to prevent accidents.

## Instructions for Installation and Usage

### 1. Installation of Chassis:

- Ensure the rifle is unloaded and the safety is engaged.
- Remove the original stock from the Remington 700.
- Align the action of the rifle with the MDT ACC chassis and secure it using the provided screws.
- Tighten the screws evenly to ensure a secure fit without overtightening.

### 2. Adding Weights:

- Determine the desired weight and balance point for your shooting style.
- Add weights to the buttstock, interior forend, or exterior forend as needed.
- Securely fasten all weights and ensure they are properly seated.

### 3. Adjusting the Stock:

- Adjust the MDT's proprietary XTN buttstock interface to your preferred length of pull.
- Test the adjustment to ensure it is secure before use.

### 4. Using the Chassis:

- Familiarize yourself with the feel and handling of the chassis before heading into a shooting environment.

- Always wear appropriate safety gear, including eye and ear protection.

## Disposal Instructions

- Dispose of the chassis system and any associated components in accordance with local regulations.
- Do not dispose of the chassis in regular household waste if it contains hazardous materials. Instead, contact your local waste management authority for guidance.

## Contact Information for Further Support

For any safety inquiries or product support, please refer to the manufacturer's website or customer service channels.

By following these guidelines, you can ensure a safe and enjoyable experience with your MDT ACC Chassis System. Thank you for your attention to safety.
