

# ACC Chassis System Kit Remington 700 - MDT ACC Chassis System Remington 700 SA RH ODG

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

The ACC (Adjustable Core Competition) Chassis was created with an integrated weight management system, allowing shooters to fine tune the weight and balance point of the rifle. The adjustability comes from a series of weights that can be added to either the buttstock, interior forend or exterior forend. Its original weight of 2,7 kg transforms into a maximum of 5,6 kg (chassis only - add on your action, barrel, scope and accessories and most shooters are pushing 12-14 kg in the ACC).

NO IMAGE  
AVAILABLE

- 17" of available ARCA/RRS dovetail, with retention screw so that accessories don't fall off mid-stage.
- Comes with the MDT Elite Grip.
- Uses MDT's proprietary XTN buttstock interface (adjustable stock included).
- Compatible with AICS style magazines (sold separately).
- Interior forend weights, exterior M-Lok weights and buttstock weights available.

# MDT ACC Chassis System Safety Instructions

## Introduction

Thank you for choosing the MDT ACC Chassis System for your Remington 700. This guide provides important safety instructions and guidelines to ensure the safe and effective use of your chassis system. Please read and understand all sections before installation and usage.

## General Safety Guidelines

- Always handle firearms and firearm components with care and respect.
- Ensure that the firearm is unloaded before installation or handling of the chassis system.
- Follow all local laws and regulations regarding firearm ownership and usage.
- Keep the chassis system and all associated components out of reach of children and unauthorized users.
- Regularly inspect the chassis system for any signs of wear or damage before each use.
- If you encounter any issues during the installation or usage of the chassis system, seek assistance from a qualified professional.

## Specific Safety Precautions for Use

- Use only compatible accessories with the MDT ACC Chassis System to avoid malfunctions.
- Ensure that all weights are securely attached before using the chassis system to prevent accidents.
- When adjusting the weight management system, do so in a safe environment, away from other individuals.
- Avoid exceeding the maximum recommended weight for the chassis system, which is 5.6 kg (chassis only).
- Use the MDT Elite Grip as intended and ensure a firm grip at all times while handling the firearm.
- Be aware of your surroundings and ensure a safe shooting environment when using the chassis system.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools and components for installation.

### 2. Installation:

- Remove the existing stock from the Remington 700.
- Align the MDT ACC Chassis System with the action of the firearm.
- Securely attach the chassis system to the action using the provided screws.
- Install the MDT Elite Grip according to the manufacturer's instructions.
- Add weights to the buttstock, interior forend, or exterior forend as desired for balance.

### 3. Usage:

- Before each use, check that all components are securely fastened and that the chassis system is functioning properly.
- Adjust the XTN buttstock interface to fit your shooting style and comfort.
- Load the firearm only when ready to shoot and always follow safe shooting practices.

## Disposal Instructions

- Dispose of the chassis system and any associated components in accordance with local regulations.
- Do not dispose of any parts in regular household waste. Instead, contact local waste management authorities for guidance on proper disposal methods.

## Contact Information for Further Support

For any inquiries regarding the MDT ACC Chassis System, please refer to the manufacturer's website or contact your local dealer for assistance.

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your MDT ACC Chassis System. Thank you for prioritizing safety.
