

# ACC Chassis System Kit Remington 700 - MDT ACC Chassis System Remington 700 SA RH Red

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

The ACC (Adjustable Core Competition) Chassis was created with an integrated weight management system, allowing shooters to fine tune the weight and balance point of the rifle. The adjustability comes from a series of weights that can be added to either the buttstock, interior forend or exterior forend. Its original weight of 2,7 kg transforms into a maximum of 5,6 kg (chassis only - add on your action, barrel, scope and accessories and most shooters are pushing 12-14 kg in the ACC).

NO IMAGE  
AVAILABLE

- 17" of available ARCA/RRS dovetail, with retention screw so that accessories don't fall off mid-stage.
- Comes with the MDT Elite Grip.
- Uses MDT's proprietary XTN buttstock interface (adjustable stock included).
- Compatible with AICS style magazines (sold separately).
- Interior forend weights, exterior M-Lok weights and buttstock weights available.

# MDT ACC Chassis System Safety Instruction Guide

## Introduction

Thank you for choosing the MDT ACC Chassis System Kit for your Remington 700. This guide provides important safety information and instructions to ensure the safe and effective use of your product. Please read this guide thoroughly before using the chassis system.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow the manufacturer's instructions for installation and usage.
- Inspect the chassis system before each use for any signs of wear or damage.
- Keep the chassis system out of reach of children and unauthorized users.
- Report any unsafe conditions or accidents to the appropriate authorities immediately.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Weight Management:** The chassis system allows for weight adjustments. Ensure weights are securely fastened to prevent them from dislodging during use.
- **Compatibility:** Confirm that the chassis is compatible with your specific model of Remington 700. Using incompatible components can lead to malfunctions or accidents.
- **Handling:** Always handle the chassis system and rifle with care. Treat every firearm as if it is loaded.
- **Shooting Environment:** Ensure you are in a safe shooting environment, free from obstructions and with a clear line of fire.
- **Protective Gear:** Always wear appropriate protective gear, including eye and ear protection, when using the chassis system.

## Instructions for Installation and Usage

### 1. Installation:

- Carefully unpack the chassis system and all components.
- Refer to the manufacturer's installation instructions for detailed steps.
- Ensure that the MDT Elite Grip and XTN buttstock interface are properly attached.
- Add weights to the buttstock, interior forend, or exterior forend as desired, ensuring they are securely fastened.

### 2. Usage:

- Once installed, ensure that the rifle is properly seated in the chassis.
- Check the balance and weight distribution before use.
- When ready to shoot, maintain a safe shooting stance and position.
- After use, ensure the rifle is unloaded and store it safely.

## Disposal Instructions

- Dispose of the chassis system and any weights in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Contact your local waste management facility for proper disposal methods.

## **Contact Information for Further Support**

For questions or concerns regarding the MDT ACC Chassis System, please refer to the manufacturer's website or contact their customer support for assistance.

Thank you for prioritizing safety while using the MDT ACC Chassis System. Your adherence to these guidelines ensures a safer experience for everyone involved.
