

ACC Chassis System Kit Remington 700 - MDT ACC Chassis System Remington 700 SA LH Blue

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

The ACC (Adjustable Core Competition) Chassis was created with an integrated weight management system, allowing shooters to fine tune the weight and balance point of the rifle. The adjustability comes from a series of weights that can be added to either the buttstock, interior forend or exterior forend. It's original weight of 2,7 kg transforms into a maximum of 5,6 kg (chassis only - add on your action, barrel, scope and accessories and most shooters are pushing 12-14 kg in the ACC).

NO IMAGE
AVAILABLE

- 17" of available ARCA/RRS dovetail, with retention screw so that accessories don't fall off mid-stage.
- Comes with the MDT Elite Grip.
- Uses MDT's proprietary XTN buttstock interface (adjustable stock included).
- Compatible with AICS style magazines (sold separately).
- Interior forend weights, exterior M-Lok weights and buttstock weights available.

MDT ACC Chassis System Safety Instructions

Introduction

Thank you for choosing the MDT ACC Chassis System Kit for your Remington 700. This product is designed to enhance your shooting experience while ensuring safety and performance. Please read the following safety instructions carefully to ensure safe and proper use of the chassis system.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle firearms responsibly and in accordance with local laws and regulations.
- Keep the chassis system out of reach of children and unauthorized users.
- Regularly inspect the chassis for any signs of wear or damage before use.
- If you notice any irregularities or damages, do not use the product and contact support for guidance.
- Be aware of your surroundings and ensure a safe shooting environment.

Specific Safety Precautions for Use

- **Weight Management:**
 - When adjusting the weights, ensure they are securely fastened to avoid them coming loose during use.
 - Do not exceed the maximum weight limit of 5.6 kg for the chassis alone. Adding your action, barrel, scope, and accessories may increase the total weight significantly; ensure you can handle the total weight safely.
- **Installation and Adjustment:**
 - Follow all instructions carefully when installing the chassis and adjusting the weights.
 - Use appropriate tools for installation to avoid damaging the product.
- **Firearm Compatibility:**
 - Ensure that your Remington 700 is compatible with the MDT ACC Chassis System.
 - Use only AICS style magazines as recommended; other types may not fit properly and could cause malfunctions.
- **Shooting Practices:**
 - Always wear appropriate safety gear, including eye and ear protection, when shooting.
 - Ensure that all accessories, including the MDT Elite Grip and any attached weights, are secure before shooting.

Instructions for Installation and Usage

1. **Unboxing:** Carefully remove the chassis system from its packaging. Inspect all components for any signs of damage.
2. **Weight Adjustment:**
 - Identify the locations on the chassis where weights can be added (buttstock, interior forend, exterior forend).
 - Select the desired weights and securely attach them to the chosen location.
3. **Installing the Chassis:**
 - Follow the manufacturer's instructions to attach the chassis to your Remington 700.

- Ensure that all screws and attachments are tightened properly.

4. Final Checks:

- Before using the chassis system, doublecheck that all components are securely in place.
- Conduct a function check to ensure that the firearm operates correctly with the chassis installed.

5. Shooting:

- Use the chassis in a safe and controlled environment.
- Be aware of your shooting position and ensure a clear line of sight and safe backstop.

Disposal Instructions

When disposing of the MDT ACC Chassis System, follow these guidelines to ensure environmentally friendly disposal:

- Do not dispose of the product in regular household waste.
- Check local regulations regarding the disposal of aluminum and other materials.
- Consider recycling the chassis system components where applicable.

Contact Information for Further Support

For any inquiries, concerns, or to report unsafe products, please refer to the relevant local authorities or the EU Safety Gate platform for guidance on product safety issues.

Thank you for prioritizing safety while using the MDT ACC Chassis System. Enjoy your shooting experience!
